COX ACCUSES HAYS OF FALSEHOOD IN CHICAGO HEARING

Democratic Candidate Talks at Wisconsin State Fair

CROWD FORCES SPEAKER TO QUIT

MILWAUKEE, Wis., Sept. 4.—A charge by Governor James M. Cox that Will H. Hays Republican national chairman had deliberately perpetrated a falsehood under oath in Chicago in senate committee's investigation of Republican contributions was made here today.

The Democratic presidential candidates charge, the culmination of bitter partisan controversy of campaign financing was delivered at the state fair grounds, during one of seven speeches he made during the day's tour of Wisconsin, existence of the alleged Republican "quota of $8,145,000 for 51 metropolitan cities charged by Governor Cox last Friday at Pittsburgh was the basis of the assertion by the governor.

Accused Hays of Falsehood.

"Mr. Hays has denied that there is any quota," said the governor. "I charge that there is a quota, I charge further that Mr. Hays deliberately perpetrated a falsehood under oath at Chicago when he said there was 'not a quota.' "

Governor Cox followed this declaration with an assertion that a conference arranged today at Marion, Ohio, by Senator Harding, his Republican opponent, with members of the Republican ways and means or finance committee had been postponed, because, the governor declared he had exposed this plot to buy the presidency of the United States.

Besides his charge against Mr. Hays, Governor ox in most of his speeches here flayed the "senate oligarchy' criticized Senator Harding again as "reactionary' and declared that if his campaign fund charges were true, Fred W. Upham, Republican treasurer should be ousted by Chairman Hays.

His state fair speech leading up to his charge against Mr. Hays, Governor ox declared.

"Mr. Hays says that quotas have not been established. There is not a man or woman who doesn't believe that quotas are being established. Treasurer Upham says they are being established. I have here," the governor continued, pulling a bunch of papers from his breast pocket and waving them at the huge concrete amphitheater black with waving billows of auditors, "documents issued from the National Republican committee with instructions to the money diggers, they have been called by Treasurer Upham, to see to it that papers left on tables after luncheons shall be destroyed in order that nobody know what is going on."

Producing copies of the Offical Bulleting of the Republican treasury which he read at Pittsburgh and other cities recently and which figured in the senate inquiry, Governor Cox proceeded:

"In the first line of the Official Bulletin * * * it says that this bulletin is 'official' and in another part it says that the amounts sought in each community are part of the campaign of general subscription as originally initiated by Will Hays and carried out thru the treasurer's office and that the whole program is now nearing completion."

Like his experience with a large outdoor audience at Gravesend race track, N. Y., a week ago today, the governor who had devoted most of his state fair address to the league of nations, was forced to quit because of shouts and roars from the crowd.

Some unable to hear beckoned and shouted for the candidate to proceed, others shouted for the fair events to start and in the bedlam of confusion, the governor after fighting the noise until he made his charge against Mr. Hays closed with a smile and friendly adieu.

IRISH MODERATES AGAIN MAKE APPEAL

Dublin, Sept. 4.—The standing committee of the conference of Irish moderates, convened here recently for the purpose of settling the Irish question by agreement, today sent the following telegram to Premier Lloyd George:

"Once more, while there is yet time, we implore you in the name of Irish peace which you invoked our aid to secure and in the name of common humanity outraged by the spectacle of the law demanding pound of flesh, to order forthwit hthe release of the lord mayor of Cork."

Among the signers of the telegram was Major General Sir William B. Hickie, who commanded an Irish division in France.

CAMPAIGN OF CONSTRUCTION IS ADVOCATED

Harding Says Would Not Drag Attention of People in Mire

MANY LABORERS TO VOTE FOR HARDING

MARION O., Sept. 4.—Rapping candidates for office who make popular appeals which "do not serve truth or meet the requirements of our national dignity," Senator Hording told members of a military band who came to serenadenade him today that he was for a campaign based on "construction and not abuse.

Without mentioning any names, the Republican nominee said a candidate owed it to the pepole not to "drag the attention of the American people into a mire' and added that for his own part, he wanted to be tolerant of those who differed with him and to carry on his fight without pretense or insincerity.

Confers on Labor Day Speech.

The short speech was delivered from the front porch in the midst of a busy day spent by the nominee on preparation of his Labor Day address. In his consideration of the subject, he conferred with Representative William J. Burke of Pennsylvania, a former official of the Order of Railway Conductors and Daniel Winters, of Pittsburgh, former presiednt of the National Window Glass Workers.

Afterwards both said they would support Harding and Coolidge whole heartedly.

Mr. iWnters, in a formal statement, declared Samuel Gompers could "not deliver the labor vote" to the Democratic ticket, and that many thousands of laborers over the country would line up for Harding.

COURT PROCEEDINGS ARE DISCONTINUED

Participants in Kapp Revolt Not to be Proseccuted—Indictment Stands Against Dr. Von Jagow.

Berlin, Sept. 4.—(By The Associated Press.)—The Tagelische Rundeschau reports that the imperial court at Leipsig has discontinued proceedings against the following persons accused of participation in the Kapp revolt:

Baron von Falkenhausen, the Kapp vice chancellor; Attorney Frederick Liey, Captain Lensch, and Dr. Traub, minister of public worship in the revolutionary cabinet. It was stated that there was insufficient evidence available to prove that they were instigators of the revolt.

The imperial court, however, declined to quash the indictment against Dr. von Jagow, former Berlin chief of police, who was minister of the interior under Kapp. The court held that the evidence against him was of a nature to justify further investigation of his relations to the Kapp coup.

CONFLICTING CLAIMS ON STRIKE SITUATION

NEW YORK, Sept. 4. — Conflicting claims were made tonight by the striking Brooklyn Rapid Transit workers and the officials of the company. The latter declared additional striking employes had returned to work, while strike leaders denied this and said the ranks of the strikers were holding firm.

Elgin, Ill., Sept. 4.—Three hundred Elgin commuters en route home from Chicago, were badly shaken up when a local passenger train on the Chicago, Milwaukee and St. Paul railway jumped the tracks near the city limits at 2:30 today. No one was seriously injured. Traffic on both north and south bound tracks will be tied up for several hours.

NAVAL EMPLOYES ARE GRANTED FIVE PERCENT INCREASE

Secretary Daniels has Approved a New Schedule

WORKING HOURS ALSO REDUCED

WASHINGTON, Sept. 4.—A wage increase of five per cent was awarded all classes of civil employes in the naval establishment under a new pay schedule approved today by Secretary Daniels and which will go into effect on the nearest pay day to September 15.

The increase based on the difference in the advance in cost of living and the congressional bonus authorized since the first readjustment of wages a year and a haf ago, affects more than 286,000 naval employes.

Several classes of employes, including practically al the clerical fores and four mechanical trades will reeive inreases considerably above the general five per cent advance thru a readjustment of the entire wage schedule to correct inequalities in the present scale. The new schedule was not made public today, but will be announced early next week, Secretary Daniels said.

Working Hours Reduced.

Outside of the increase the most important provision of the new schedule is a reduction of working hours to four on Saturday, the year around, the employes to be paid for the half day's work at the hourly rate.

While the basic five per cent increase does not meet the demands of the employes, which ranged from 25 cents an hour as a minimum genera increase to 45 cents for mechanics, the board's report to the secretary declared the scale of pay in the naval establishment was found to be "five per cent higher bonus" considered than the wage scale of any other industry without the present increase included.

The increase was awarded despite this fact the report said, because under the terms of the original award of the Machey board readjusting navy yard pay the navy is "pledged to the workers to make a decision on the basis of the change in the cost of living."

In this connection the board recommended that future readjustments be made "in accordance with the law of 1862, upon the basis of current wages in similar private establishments."

The four trades found to be entitled to a higher basic rate were anglesmiths, die sinkers, moulders and patternmakers, these reeciving increases in addition to the five per cent as a result of the higher rating.

In regard to clerical forces, under the readjusted comparative rating, no clerk will receive "less than the maximum pay of the labor."

STATE OF VERMONT CENSUS SHOWS LESS

WASHINGTON, Sept. 4.—Vermont is the first state counted thus far in the 1920 census to show a loss of population in the last ten years.

Figures announced by the census bureau tonight gave Vermont a total population of 352,421, a decrease of 3,535 or 16 per cent as compared with 1910.

There was nothing aside from the bare figures to indicate the cause of the decrease. Ten years ago Vermont ranking then as the forty-second state showed a gain of 12,,315, or 3.6 per cent, over 1900.

GREEKS PREPARE FOR SMYRNA OFFENSIVE

Constantinople, Sept. 3.—Apprehensive lest the reported Greek preparations to make a landing coincident with the Smyrna front offensive may give rise to a general massacre of Greeks and Europeans in that region, the French are withdrawing their civilians and the British have warned women workers that it is unsafe to venture into the interior. However, Miss Annie Allen and Miss Florence Billings are leaving for Konieh by way of Samsum for the purpose of protecting the orphans and others in the Konieh mission. The Greek supreme command has refused them permission to cros directly into the Turkih lines, so they are making a 500 mile detour.

MacSWINEY CONDITION REPORTED CRITICAL

London, Sept. 4.—The condition of Lord Mayor MacSwiney, of Cork, was tonight described as critical. He was in the last stage of weakness and unable to talk to relatives, but was conscious and his will power still strong. His wife left him at 7 o'clock this evening apparently deeply anxious.

Mrs. MacSwiney and the lord mayor's sister, Mary, today called at the American, French, Spanish, Italian and Belgian embassies to ask them to make urgent representations to their governments. None of the ambassadors were in town. The Belgian secretary alone was found and promised he would report Mayor MacSwiney's case to the ambassador on his return.

It is estimated that there are fifty thousand Turkish and Greek orphans at the various centers established in Asia Minor by the American Relief committee. The Greek authorities are finding new homes for many of these in Thrace, where the Turks fled in large numbers during the recent occupation by Greek troops.

PRODUCE GAS FROM STRAW THAT WILL RUN AUTOMOBILES

Its Possibilities Are Not Fully Determined

FIRST PRODUCED BY CANADIAN ENGINEER

WASHINGTON, Sept. 4.—Gas which possesses explosive qualities sufficient to drive an automobile and which may also be used for purposes of illumination is being produced at the Arlington, Va., experimental form of the department of agriculture from the destructive distillation of ordinary field straw. In making this announcement tonight, experts of the department added that "the possibilities of straw gas are not yet fully determined."

"If a suitable unit for the production of the gas can be constructed," the announcement said, "so that the farmers' initial cost will be small, it sems likely that the straw gas may have a certain economic value in sections of the country where the raw material is now considered waste and is burned or left to rot on the fields.

Distillation of gas from straw under the process now being used at Arlington, it was said, was first accomplished by George Harrison, a Canadian engineer in 1914.

EDWARD L. MERRITT ILLINOIS PIONEER DIES AT SPRINGFIELD

Prominent in Public Affairs For Half Century

MEMBER OF LEGISLATURE FOUR TERMS

SPRINGFIELD, Ill., Sept. 4.—Edward L. Merritt, pioneer of Illinois, and for nearly half a century prominent in the public affairs of the state, died tonight at the Springfield hospital, having submitted to an operation for hernia two weeks ago. He was 84 years of age.

Mr. Merritt, who was born in New York City in 1846, came to Illinois in 1841. The family settled in St. Clair county and later moved to Salem, where the younger Merritt engaged in newspaper work. With his father, the Hon. John W. Merritt, he became the proprietor of the Illinois State Register at Springfield in 1864, disposing of it in 1877. From 1887 to 1888 he was editor and manager of the Omaha, Neb., Herald, now the World-Herald, and formed a lasting friendship with William Jennings Bryan.

Mr. Merritt served four terms in the Illinois general assembly and was the author of many important measures, including one to protect union labels and another increasing fees for articles of incorporation.

He was also author of the Illinois "anti-tipping" bill.

President Johnson appointed him pension agent in 1866. Later he acted as assistant secretary at three Democratic National conventions which nominated Grover Cleveland. Mr. Merritt was an honorary pall bearer at the funeral of President Lincoln. His brother, Wesley, was a major general in the federal army during the Civil war.

He was married three times. The widow and three of ten children, survive.

The remains will be buried in Springfield.

MISSISSIPPI WOMEN UNABLE TO VOTE

WASHINGTON, Sept. 4.—Mississippi is the only state in which women may find themselves unable to vote in the coming general elections according to suffrage leaders. All other states were said to have either officially held that adequate provisions for this purpose already were on their statute books or to have arranged for passage of enabling legislation.

Attorney General Robertson of Mississippi has written the National Woman's Party headquarters here that the state constitution requirement of registration at least four months prior to an election precluded any hope of women voting in that state.

SUBMARINE CREW FACING DEATH SAY IT WAS WONDERFUL

Reply to Query as to How it Felt to Face Death

MEN AND COMMANDER PRAISE EACH OTHER

PHILADELPHIA, Sept. 4.—Thirty-six men trooped down the gang plank of the Destroyer Biddle tonight at the Philadelphia navy yard. The first man of the group was raising his voice in a nautical tenor's version of "How Dry I Am" and accompanying his song by a broad smile.

Behind him trooped the rest, some singing, some calling out cheery "helloahs" but all smiling. This was the home coming of the survivors of the submarine S-5.

Their boat is at the bottom of the sea, but it is expected it will be salvaged. A few hours before kindly fate aiding the never-failing "luck of the navy" had snatched them from the jaws of death and released them from nearly two day's entombment in a submarine, one end of which rested on the ocean floor and the other stuck up in the water at an angle of sixty degrees. Penned up for hours in two narrow compartments, they had waited hour after hour for release.

Every minute of the time had been accompanied by a joke or a laugh or a smile from some one, even during the most trying minutes when deadly chlorine gas was creeping over them and they were forced to don gas masks to keep alive.

Faced Death With Smiles

Tonight when once more back on land the first answer to questioneers curious to know how it felt to be face to face with death for more than 40 hours, Joseph Star Youker, an apprentice seaman of Camden, N. J., voiced the sentiment of his fellows with the statement:

"Great, it was wonderful. It showed that we have the best crew in the navy. I want to be in on the next dive and I want to make it with 'Savvy' Cooke."

All were willing to discuss their own experiences but they had something to say on another subject. They wanted the world and especially President Wilson and Secretary Daniels to know that during their trying experience they had found out that Lieutenant Commander Charles M. Cooke Jr., is the greatest and bravest man in the entire navy.

Want Cooke for Commander

And for fear there might be any mistake in the matter, before they left the Biddle, a round robin had been signed and forwarded to Secretary Daniels by wireless setting forth these opinions and ending with a request that they be sent back to the S-5 as soon as it is salvaged and placed in commission, and that they be under the command of Cooke or that if Cooke cannot command the S-5 again, that he be given another ship, a submarine and that they be allowed to follow him.

Altho the sailors did not know it, about the same time a petition was being sent to President Wilson by Cooke asking him to take steps suitably to reward the brave men who faced death with him so smilingly and unflinchingly.

Every man was in high spirits. Three were feeling the effects of the gas, but they were able to walk down the gang plank. Every man was met at the gang plank by Admiral Charles F. Hughes.

As the admiral, who is commandant at the navy yard reached out his hand with the question "how are you?" each one, even the three sick men, straightened up and with a brisk navy salut answered briskly:

"Fine, thank you, sir."

COX ACCUSES HAYS OF FALSEHOOD IN CHICAGO HEARING

Democratic Candidate Talks at Wisconsin State Fair

CROWD FORCES SPEAKER TO QUIT

MILWAUKEE, Wis., Sept. 4.—A charge by Governor James M. Cox that Will H. Hays Republican national chairman had deliberately perpetrated a falsehood under oath in Chicago in senate committee's investigation of Republican contributions was made here today.

The Democratic presidential candidates charge, the culmination of bitter partisan controversy of campaign financing was delivered at the state fair grounds, during one of seven speeches he made during the day's tour of Wisconsin, existence of the alleged Republican "quota of $8,145,000 for 51 metropolitan cities charged by Governor Cox last Friday at Pittsburgh was the basis of the assertion by the governor.

Accused Hays of Falsehood.

"Mr. Hays has denied that there is any quota," said the governor. "I charge that there is a quota, I charge further that Mr. Hays deliberately perpetrated a falsehood under oath at Chicago when he said there was 'not a quota.' "

Governor Cox followed this declaration with an assertion that a conference arranged today at Marion, Ohio, by Senator Harding, his Republican opponent, with members of the Republican ways and means or finance committee had been postponed, because, the governor declared he had exposed this plot to buy the presidency of the United States.

Besides his charge against Mr. Hays, Governor ox in most of his speeches here flayed the "senate oligarchy' criticized Senator Harding again as "reactionary' and declared that if his campaign fund charges were true, Fred W. Upham, Republican treasurer should be ousted by Chairman Hays.

His state fair speech leading up to his charge against Mr. Hays, Governor ox declared.

"Mr. Hays says that quotas have not been established. There is not a man or woman who doesn't believe that quotas are being established. Treasurer Upham says they are being established. I have here," the governor continued, pulling a bunch of papers from his breast pocket and waving them at the huge concrete amphitheater black with waving billows of auditors, "documents issued from the National Republican committee with instructions to the money diggers, they have been called by Treasurer Upham, to see to it that papers left on tables after luncheons shall be destroyed in order that nobody know what is going on."

Producing copies of the Offical Bulleting of the Republican treasury which he read at Pittsburgh and other cities recently and which figured in the senate inquiry, Governor Cox proceeded:

"In the first line of the Official Bulletin * * * it says that this bulletin is 'official' and in another part it says that the amounts sought in each community are part of the campaign of general subscription as originally initiated by Will Hays and carried out thru the treasurer's office and that the whole program is now nearing completion."

Like his experience with a large outdoor audience at Gravesend race track, N. Y., a week ago today, the governor who had devoted most of his state fair address to the league of nations, was forced to quit because of shouts and roars from the crowd.

Some unable to hear beckoned and shouted for the candidate to proceed, others shouted for the fair events to start and in the bedlam of confusion, the governor after fighting the noise until he made his charge against Mr. Hays closed with a smile and friendly adieu.

IRISH MODERATES AGAIN MAKE APPEAL

Dublin, Sept. 4.—The standing committee of the conference of Irish moderates, convened here recntly for the purpose of settling the Irish question by agreement, today sent the following telegram to Premier Lloyd George:

"Once more, while there is yet time, we implore you in the name of Irish peace which you invoked our aid to secure and in the name of common humanity outraged by the spectacle of the law demanding pound of flesh, to order forthwit hthe release of the lord mayor of Cork."

Among the signers of the telegram was Major General Sir William B. Hickie, who commanded an Irish division in France.

Emporia, Kansas, Sept. 4.—Approximately five inches of rain fell in northeastern Lyons county last night. Creeks are out of banks.

CAMPAIGN OF CONSTRUCTION IS ADVOCATED

Harding Says Would Not Drag Attention of People in Mire

MANY LABORERS TO VOTE FOR HARDING

MARION O., Sept. 4.—Rapping candidates for office who make popular appeals which "do not serve truth or meet the requirements of our national dignity," Senator Hording told members of a military band who came to serenadenade him today that he was for a campaign based on "construction and not abuse.

Without mentioning any names, the Republican nominee said a candidate owed it to the pepole not to "drag the attention of the American people into a mire' and added that for his own part, he wanted to be tolerant of those who differed with him and to carry on his fight without pretense or insincerity.

Confers on Labor Day Speech.

The short speech was delivered from the front porch in the midst of a busy day spent by the nominee on preparation of his Labor Day address. In his consideration of the subject, he conferred with Representative William J. Burke of Pennsylvania, a former official of the Order of Railway Conductors and Daniel Winters, of Pittsburgh, former presiednt of the National Window Glass Workers.

Afterwards both said they would support Harding and Coolidge whole heartedly.

Mr. iWnters, in a formal statement, declared Samuel Gompers could "not deliver the labor vote" to the Democratic ticket, and that many thousands of laborers over the country would line up for Harding.

COURT PROCEEDINGS ARE DISCONTINUED

Participants in Kapp Revolt Not to be Prosecuted—Indictment Stands Against Dr. Von Jagow.

Berlin, Sept. 4.—(By The Associated Press.)—The Tagelische Rundeschau reports that the imperial court at Leipsig has discontinued proceedings against the following persons accused of participation in the Kapp revolt:

Baron von Falkenhausen, the Kapp vice chancellor; Attorney Frederick Liey, Captain Lensch, and Dr. Traub, minister of public worship in the revolutionary cabinet. It was stated that there was insufficient evidence available to prove that they were instigators of the revolt.

The imperial court, however, declined to quash the indictment against Dr. von Jagow, former Berlin chief of police, who was minister of the interior under Kapp. The court held that the evidence against him was of a nature to justify further investigation of his relations to the Kapp coup.

CONFLICTING CLAIMS ON STRIKE SITUATION

NEW YORK, Sept. 4. — Conflicting claims were made tonight by the striking Brooklyn Rapid Transit workers and the officials of the company. The latter declared additional striking employes had returned to work, while strike leaders denied this and said the ranks of the strikers were holding firm.

According to a statement given out by the company, 510 trolley cars on 27 lines were operated today and 155 trains were running on the subway and elevated lines.

The service to Coney Island tomorrow and Labor Day it was announced would be increased but would be limited.

JUDGE DOES NOT AGREE WITH CULPRIT

New York, Sept. 4.—The prima donna of an uptown burlesque sang "Come to My Arms and Kiss Me" to Magistrate Simms in the Harlem court yesterday.

Whereupon, he, without hesitation fined 19-year-old Charles Soicher $3.00 for climbing over the theatre footlights to answer the same call of the same singer last Monday.

Soicher, charged with disorderly conduct following an "explosion of emotion" when he mounted the stage from his first row seat after the song had been "sung at him" declared he could not resist the appeal.

Elgin, Ill., Sept. 4.—Tbree hundred Elgin commuters en route home from Chicago, were badly shaken up when a local passenger train on the Chicago, Milwaukee and St. Paul railway jumped the tracks near the city limits at 2:30 today. No one was seriously injured. Traffic on both north and south bound tracks will be tied up for several hours.

NAVAL EMPLOYES ARE GRANTED FIVE PERCENT INCREASE

Secretary Daniels has Approved a New Schedule

WORKING HOURS ALSO REDUCED

WASHINGTON, Sept. 4.—A wage increase of five per cent was awarded all classes of civil employes in the naval establishment under a new pay schedule approved today by Secretary Daniels and which will go into effect on the nearest pay day to September 15.

The increase based on the difference in the advance in cost of living and the congressional bonus authorized since the first readjustment of wages a year and a haf ago, affects more than 286,000 naval employes.

Several classes of employes, including practically al the clerical fores and four mechanical trades will receive inreases considerably above the general five per cent advance thru a readjustment of the entire wage schedule to correct inequalities in the present scale. The new schedule was not made public today, but will be announced early next week, Secretary Daniels said.

Working Hours Reduced.

Outside of the increase the most important provision of the new schedule is a reduction of working hours to four on Saturday, the year around, the employes to be paid for the half day's work at the hourly rate.

While the basic five per cent increase does not meet the demands of the employes, which ranged from 25 cents an hour as a minimum genera increase to 45 cents for mechanics, the board's report to the secretary declared the scale of pay in the naval establishment was found to be "five per cent higher bonus" considered than the wage scale of any other industry without the present increase included.

The increase was awarded despite this fact the report said, because under the terms of the original award of the Machey board readjusting navy yard pay the navy is "pledged to the workers to make a decision on the basis of the change in the cost of living."

In this connection the board recommended that future readjustments be made "in accordance with the law of 1862, upon the basis of current wages in similar private establishments."

The four trades found to be entitled to a higher basic rate were anglesmiths, die sinkers, moulders and patternmakers, these reeciving increases in addition to the five per cent as a result of the higher rating.

In regard to clerical forces, under the readjusted comparative rating, no clerk will receive "less than the maximum pay of the labor."

STATE OF VERMONT CENSUS SHOWS LESS

WASHINGTON, Sept. 4.—Vermont is the first state counted thus far in the 1920 census to show a loss of population in the last ten years.

Figures announced by the census bureau tonight gave Vermont a total population of 352,421, a decrease of 3,535 or 16 per cent as compared with 1910.

There was nothing aside from the bare figures to indicate the cause of the decrease. Ten years ago Vermont ranking then as the forty-second state showed a gain of 12,,315, or 3.6 per cent, over 1900.

GREEKS PREPARE FOR SMYRNA OFFENSIVE

Constantinople, Sept. 3.—Apprehensive lest the reported Greek preparations to make a landing coincident with the Smyrna front offensive may give rise to a general massacre of Greeks and Europeans in that region, the French are withdrawing their civilians and the British have warned women workers that it is unsafe to venture into the interior. However, Miss Annie Allen and Miss Florence Billings are leaving for the purpose of protecting the orphans and others in the Konieh mission. The Greek supreme command has refused them permission to cros directly into the Turkih lines, so they are making a 500 mile detour.

MacSWINEY CONDITION REPORTED CRITICAL

London, Sept. 4.—The condition of Lord Mayor MacSwiney, of Cork, was tonight described as critical. He was in the last stage of weakness and unable to talk to relatives, but was conscious and his will power still strong. His wife left him at 7 o'clock this evening apparently deeply anxious.

Mrs. MacSwiney and the lord mayor's sister, Mary, today called at the American, French, Spanish, Italian and Belgian embassies to ask them to make urgent representations to their governments. None of the ambassadors were in town. The Belgian secretary alone was found and promised he would report Mayor MacSwiney's case to the ambassador on his return.

FURTHER TROUBLE IN BELFAST IS NOT EXPECTED

Soldiers Arrive from England With Field Artillery

SINN FEINERS MAKE EXTENSIVE RAIDS

BELFAST, Sept. 4. — Belfast continue quiet today and for the present further trouble is not expected. Another contingent of soldiers and several pieecs of field artillery have arrived from England. The military authorities are taking every precaution to prevent resumption of the rioting

In recently disturbed sections are squadrons of soldiers on watch with machine guns ready for use. The correspondent toured these districts today and observed that no efforts had been made to remove the piles of stones and bricks placed at convenient intervals in the streets by the opposing factions during the fighting. He was informed that the authorities fear a renewal of the trouble if any attempt is made to take away these "missiles of defense."

Sinn Feiners Make Raids.

Sinn Feiners made extensive raids for arms Friday night in Cavan, Kildare / and Dublin counties. Hundreds of weapons and large quantities of ammunition were seized by the raiders. Some owners were told that their guns would be returned when the state of the country become more settled.

The Jewish Tabernacle of Townsend stret, Belfast, was set on fire Friday night. The fire zrigade fought the blaze under the protection of the military, but it is reported that they were fired upon by snipers. Insurance rates covering riots are now ten per cent, owing to the disturbances.

PRINCE WANTS TO BE AN AMERICAN

CONSTANTINOPLE, Sept. 4.—"I want to be an American," announced Prince Mejid, aged 12, brother of the Shah of Persia, when he appeared today, accompanied by his guardian Sahib Jem at the preparatory school of Robert College.

"All right, we will permit you to enter tho we will not call you prince, but plain Mejid and also spank you if you do not behave and learn your lessons," answered the teacher. These conditions the prince accepted.

All the teachers in the school are American, and the students are Persians, Tartars, Greeks, Armenians and Turks.

Many are refused admittance.

LOOKING FOR TELEPHONE AUDITOR

Chicago, Sept. 4.—Police today were asked to search for Walter J. Ernst, aged 27, an auditor of the Chicago Telephone Co., who disappeared two weeks ago last Wednesday at Elgin, where he had gone to audit the books of the telephone company. H. F. NATIVES OF INDIA ARE SUFFERING FROM LACK OF FOOD

Hundreds Besiege Mission Stations Begging Food

EPIDEMIC OF CHOLERA KILLS MANY

NEW YORK, Sept. 4.—Economic conditions in India now are the worst in the past 45 years, according to a survey by the American Baptist Foreign Missionary society made public today.

The report, prepared by Rev. W. L. Ferguson, describes a state of "unrest, with political and social disorders such as India has not know for centuries, if ever.

"Our mission stations besieged day and night by throngs of hungry people cdying for food were able to offer but slight aid, the appeal was so great,' it continues. "Men and women thru sheer weakness, staggered about like drunken people. Suffering was intensifed by lack of drinking water, while an epidemic of cholera took great tolls of human life.

"Our missionaries provided relief to the best of their ability and for months over a hundred children without protection, food or clothing were fed and sheltered at the Baptist compound at Sooriapett. Fmine camps set up by the government often fed as many as 500 at a time.'

PREDICTS SUCCESS FOR REPUBLICANS

WASHINGTON, Sept. 4.—Senator Miles Poindexter, chairman of the Republican senatorial committee issued a statement today upon his return to Washington from a western tour declaring that the Republican majority after the November election would be certainly increased by two.

"Excellent prospects," he added existed for its increase by a total of seven.

TURKS DEVASTATE COUNTRY AS THEY FLEE FROM GREEKS

Refugees Arrive from Interior in Large Numbers

FIND NEW HOMES FOR ORPHANS

ISMID, Asia Minor, Sept. 3.—(By The Associated Press). — Turkish nationalists are carrying out their threat to devastate the country as they retreat before the Greeks it is reported from trustworthy sources. Bands led by notorious outlaws who have joined the nationalists are said to be beginning to pillage and burn villages on a large scale.

Greek and Armenian refugees are arriving here from the interior in great numbers. Their number in Ismid is estimated to be 15,000. They are being rationed in part by the American committee for relief in the near east. The committee's station here is in charge of the Misses Leila Priest and Emily D. Passmore of Westwood, N. J., who are working night and day caring for children and their sick mothers, finding places for them to sleep in tents and barns and providing clothing.

It is estimated that there are fifty thousand Turkish and Greek orphans at the various centers established in Asia Minor by the American Relief committee. The Greek authorities are finding new homes for many of these in Thrace, where the Turks fled in large numbers during the recent occupation by Greek troops.

PRODUCE GAS FROM STRAW THAT WILL RUN AUTOMOBILES

Its Possibilities Are Not Fully Determined

FIRST PRODUCED BY CANADIAN ENGINEER

WASHINGTON, Sept. 4.—Gas which possesses explosive qualities sufficient to drive an automobile and which may also be used for purposes of illumination is being produced at the Arlington, Va., experimental form of the department of agriculture from the destructive distillation of ordinary field straw. In making this announcement tonight, experts of the department added that "the possibilities of straw gas are not yet fully determined."

"If a suitable unit for the production of the gas can be constructed," the announcement said, "so that the farmers' initial cost will be small, it sems likely that the straw gas may have a certain economic value in sections of the country where the raw material is now considered waste and is burned or left to rot on the fields.

Distillation of gas from straw under the process now being used at Arlington, it was said, was first accomplished by George Harrison, a Canadian engineer in 1914.

CANDIDATES PLAN FOR COMING CAMPAIGN

St. Louis, Sept. 4.—Republican candidates for state office met here today and discussed plans for the forthcoming campaign. They also considered planks to be inserted in the state platform to be adopted at a conference at Jefferson City, Sept. 14.

EDWARD L. MERRITT ILLINOIS PIONEER DIES AT SPRINGFIELD

Prominent in Public Affairs For Half Century

MEMBER OF LEGISLATURE FOUR TERMS

SPRINGFIELD, Ill., Sept. 4.—Edward L. Merritt, pioneer of Illinois, and for nearly half a century prominent in the public affairs of the state, died tonight at the Springfield hospital, having submitted to an operation for hernia two weeks ago. He was 84 years of age.

Mr. Merritt, who was born in New York City in 1846, came to Illinois in 1841. The family settled in St. Clair county and later moved to Salem, where the younger Merritt engaged in newspaper work. With his father, the Hon. John W. Merritt, he became the proprietor of the Illinois State Register at Springfield in 1864, disposing of it in 1877. From 1887 to 1888 he was editor and manager of the Omaha, Neb., Herald, now the World-Herald, and formed a lasting friendship with William Jennings Bryan.

Mr. Merritt served four terms in the Illinois general assembly and was the author of many important measures, including one to protect union labels and another increasing fees for articles of incorporation.

He was also author of the Illinois "anti-tipping" bill.

President Johnson appointed him pension agent in 1866. Later he acted as assistant secretary at three Democratic National conventions which nominated Grover Cleveland. Mr. Merritt was an honorary pall bearer at the funeral of President Lincoln. His brother, Wesley, was a major general in the federal army during the Civil war.

He was married three times. The widow and three of ten children, survive.

The remains will be buried in Springfield.

MISSISSIPPI WOMEN UNABLE TO VOTE

WASHINGTON, Sept. 4.—Mississippi is the only state in which women may find themselves unable to vote in the coming general elections according to suffrage leaders. All other states were said to have either officially held that adequate provisions for this purpose already were on their statute books or to have arranged for passage of enabling legislation.

Attorney General Robertson of Mississippi has written the National Woman's Party headquarters here that the state constitution requirement of registration at least four months prior to an election precluded any hope of women voting in that state.

POLISH ATTACKS REPORTED CHECKED

LONDON, Sept. 4.—Polish attacks have been checked in various sectors of the front according to the Moscow official communique received here today. The statement follows:

"In the region of Cholm our troops have flung back the enemy to the left bank of the western Bug. We defeated a strong enemy detachment in the Vladimir Volhynsk region, taking more than 1,000 prisoners. In the Lemberg district our troops with a counter blow repulsed the advancing enemy driving him back westward. We captured 300 prisoners, three guns and 30 machine guns."

PROMINENT MAN IS ELECTROCUTED

SAGINAW, Mich., Sept. 4. — Thomas Strachem, 46, married, prominent in local Masonic orders and for years one of the trainers of local high school athletes was electrocuted tonight at Winona Beach, near Bay City, while stringing lighting wires to tents which were to house over Labor Day the Saginaw Red Cross sanitary training detachment, of which he was captain. He was an expert electrician employed by the Consumers Power company. Eight years ago he came in contact with a 10,000 volt high tension wire, but escaped after the electricity had burned a hole in his skull. The current which caused his death was of 2,300 volts.

FOODSTUFFS IMPORTS SHOW BIG INCREASE

WASHINGTON, Sept. 4—Foodstuffs imports for the seven months' period ending with July showed an increase in value of more than half a billion dollars over imports for the same period last, according to department of commerce figures. Export foodstuffs for the same period showed a decrease of approximately half a billion dollars from the 1919 business. Total foodstuffs imports, both crude and manufactured for the seven months' period of 1920 were valued at $1,157,000,000 as against $60,000,000 in 1919. Exports for 1920 were $1,168,000,000 as against $1,687,000,000.

Honolulu, Sept. 3.—The American congressmen touring the far east were guests at a reception at the American embassy in Tokio Thursday night, and attended a garden party in the imperial gardens, according to cable advices to a Japanese newspaper here.

SUBMARINE CREW FACING DEATH SAY IT WAS WONDERFUL

Reply to Query as to How it Felt to Face Death

MEN AND COMMANDER PRAISE EACH OTHER

PHILADELPHIA, Sept. 4. — Thirty-six men trooped down the gang plank of the Destroyer Biddle tonight at the Philadelphia navy yard. The first man of the group was raising his voice in a nautical tenor's version of "How Dry I Am" and accompanying his song by a broad smile.

Behind him trooped the rest, some singing, some calling out cheery "helloahs" but all smiling. This was the home coming of the survivors of the submarine S-5.

Their boat is at the bottom of the sea, but it is expected it will be salvaged. A few hours before kindly fate aiding the never-failing "luck of the navy" had snatched them from the jaws of death and released them from nearly two day's entombment in a submarine, one end of which rested on the ocean floor and the other stuck up in the water at an angle of sixty degrees. Penned up for hours in two narrow compartments, they had waited hour after hour for release.

Every minute of the time had been accompanied by a joke or a laugh or a smile from some one, even during the most trying minutes when deadly chlorine gas was creeping over them and they were forced to don gas masks to keep alive.

Faced Death With Smiles

Tonight when once more back on land the first answer to questioneers curious to know how it felt to be face to face with death for more than 40 hours, Joseph Star Youker, an apprentice seaman of Camden, N. J., voiced the sentiment of his fellows with the statement:

"Great, it was wonderful. It showed that we have the best crew in the navy. I want to be in on the next dive and I want to make it with 'Savvy' Cooke."

All were willing to discuss their own experiences but they had something to say on another subject. They wanted the world and especially President Wilson and Secretary Daniels to know that during their trying experience they had found out that Lieutenant Commander Charles M. Cooke Jr., is the greatest and bravest man in the entire navy.

Want Cooke for Commander

And for fear there might be any mistake in the matter, before they left the Biddle, a round robin had been signed and forwarded to Secretary Daniels by wireless setting forth these opinions and ending with a request that they be sent back to the S-5 as soon as it is salvaged and placed in commission, and that they be under the command of Cooke or that if Cooke cannot command the S-5 again, that he be given another ship, a submarine and that they be allowed to follow him.

Altho the sailors did not know it, about the same time a petition was being sent to President Wilson by Cooke asking him to take steps suitably to reward the brave men who faced death with him so smilingly and unflinchingly.

Every man was in high spirits. Three were feeling the effects of the gas, but they were able to walk down the gang plank. Every man was met at the gang plank by Admiral Charles F. Hughes.

As the admiral, who is commandant at the navy yard reached out his hand with the question "how are you?" each one, eve the three sick men, straightened up and with a brisk navy salut answered briskly:

"Fine, thank you, sir."

EAST ST. LOUIS STREET CAR MEN TO STRIKE

East St. Louis, Ill., Sept. 4. — Motormen and conductors employed on the interurban line of the East St. Louis and Suburban Railway company today voted to strike to enforce their demands for an average wage increase of from 50 to 90 cents an hour. The strike, however, will not become effective until sanctioned by international officials of the carmen's union. About 1,300 men are employed on the lines.

The country was not enthusiastic about the bureau of public information during the wartime, as conducted by George Creel. Now they find that the department was conducted at an expense to the government of something like $5,000,000 and there is still less enthusiasm.

Altho railroad passenger rates did not advance Sept. 1 in Illinois, Pullman rates did. There is the possibility that the company will find the new rates less profitable than those previously in effect. On some trains within the state there has been a noticeable falling off in the Pullman patronage. Sleeping car rates may be scaled so high that people are better satisfied with the comfort of coaches and chair cars.

Morgan county Republicans have with common consent worked out a harmony organization plan. When the supreme court made a finding which disqualified the committeemen elected this year there was a chance for a disagreement, but good sense and good feeling have prevailed and the members of both the new and the old committee are ready to work in a co-operative way for party success.

The feeling shown is a good omen for results in November.

That was a very brief resolution the American Legion in convention in Chicago adopted condemning Mayor Thompson's war record. It was effective and from a source that counts. Men who were overseas fighting in the trenches when copies of Mayor Thompson's speeches were being dropped from aeroplanes as part of the German propaganda plan are in position to judge of the Thompson war record.

The public is already losing interest in the discussion of campaign expenditures which resulted from the sensational charges made by Gov. Cox. This fact has brought the comment that if the Democratic candidate expected to gain any benefit from the charges that he should have waited until a week or two before the election. Then there wouldn't have been time for the charges to fall flat or for the public to find out the hollowness of the accusations.

Rippling Rhymes
By Walt Mason

THE BAD COLD.

I find by the summer seas one
catches colds, just as at home: oh,
come, my friends, and hear me
sneeze, and see my whiskers flecked
with foam. This climate is the
brag and boast, and endless pride
of quite a few; out all along the
sunny coast I hear men say, "Kerswooch! Kerchoo!" The pills I
take are black and tan, the poultice is a sight to see; I do not care
for any man who will not come
and sneeze with me. Oh, when
one has a summer cold, the old
world's beauties fade away; the
azure skies seem stale and old, the
sun shows symptoms of decay.
You see the starlight on the deep,
and do not feel a single thrill; you
merely shed a bitter weep, and
take another blue black pill. My
heart is filled with discontent I
sit here beside the sea; I've no respect for any gent who will not
sneeze a round with me.. The
glands are swollen in my throat
and every cough gives me a shock,
and I have lost the saintly goat
that came with me to Plymouth
Rock. My thoughts are all of
doom and fate, and will be till
from colds I'm free; I have it in
for any skate who will not sneeze
a tune with me.

VISITOR FROM VICKSBURG, MISS.

Mrs. Emma Taylor of North Prairie street and F. H. Unglaub, freight agent of the Wabash, are enjoying a visit from their brother, J. B. Unglaub of Vicksburg, Miss. There he owns and operates the leading photographic studio of that thriving southern city. This is Mr. Unglaub's former home and he was born in this county but this is only his second visit in about twenty-five years. He finds many changes and expects to spend a few days looking up old friends before returning to the south.

President of Local Tailoring Concern Makes Timely Statement About the Clothing Market

SAYS LOWER PRICE TALK IS MISLEADING

Makes Thorough Study of Situation and Gives Logical Reasons For Conclusions Reached—Many Delayed Buying Until Fall On Strength of Rumored Lower Wholesale Prices—Disappointment is Result as An Actual Shortage of Good Woolens Exists—Local Concern Fortunate in Having Considerable High Grade Stock On Hand Bought Below Present Prices—Announce Some Very Low Figures on Suits and Overcoats for F all and Winter

In our advertisement last week I told you that I was in Chicago on a buying trip and to study the markets, and promised you an interesting announcement upon my return regarding fabrics and prices for Fa nd I wish here to make a plain statement of the actual conditions as I found them.

First let me say that I have taken notice of the growing public sentiment during the past three or four months and the belief that all commodities, including clothing, would certainly soon be lower in price.

This sentiment was so general that I, like many other merchants who already had placed their orders for Fall goods at higher prices than hitherto paid, cancelled the larger part of these orders.

I considered that it would be wise to wait until the latter part of August and if there were any reductions in prices, take advantage of them.

With this idea in mind I went to Chicago and called upon the leading jobbers in that city and made known the fact that I was in the market for merchandise, provided I could buy at figures which would enable us to make and sell first quality suits at really notable reductions.

I must confess that I have been badly fooled and as sorely disappointed.

I was informed invariably and credibly that there were no noticeable reductions in prices; that jobbers had bought very sparingly from the mills with the result that there will be an actual shortage of good cloth.

I also was told that in the great majority of towns and cities there was no business depression, this especially true in manufacturing centers where wages are high and work steady; that only in a few towns like Jacksonville had there been complaints.

It is a fact that in the past year many merchants have overstocked and that in order to reduce and to turn this stock to release their capital have been forced to hold sales, offering striking reductions in prices, but such an action cannot be taken as indicative of early price reduction in clothing.

The fact that wages are high both in the manufacture of cloth and in the process of tailoring will continue to cause the finished garments to remain at about present prices.

In support of my statement I wish to call attention to the following press dispatch, in the Chicago Tribune of Sept. 1, 1920:

AMERICAN WOOLEN CO. MILLS TO REOPEN SOON

Boston, Mass., Sept. 1.—The American Woolen company, whose mills have been shut down, will start the preparatory department September 13, and other departments thereafter as soon as possible. The wage scale will be the same as when the mills were forced to shut down in July. The company employs upward of 30,000 operatives.

Another item in 'higher costs' is the proven fact that people are wearing their clothing for a much longer period than ever before known, which means that the retailer or tailor is selling a much less number of garments when, at the same time, cost of doing business—rents, clerk hire, operators, power, etc.—is very much higher, as is well known.

Therefore, fewer garments sold plus higher selling costs, also means higher costs to the consumer per suit. This item may not have been taken into consideration by the consumer, but nevertheless it is a fact that this is an item which must be charged up to the cost of a garment. I am convinced from figures that this item alone has made it necessary for the merchant to add at least $5.00 per suit to pre-war costs.

We have however one redeeming feature—and this is that we shall be able to sell high grade suits and overcoats at a really low figure.

Despite our cancellations as mentioned at the beginning of this interview; and despite my disappointment in not being able to obtain some appealingly low prices during my recent visit to Chicago, we have on hand a (for Jacksonville) large stock of high grade woolens in current styles, secured at figures much less than those quoted me recently.

We are going to offer these weaves while they last, at very low figures; and wish to say that the man who needs a suit or overcoat will save considerable money by taking advantage of this offer and making an early selection to obtain the best of the fabrics we are able to offer.

At least do yourself the justice to call and inspect them.

ALBERT RENNER,
President.

A CONTEST FOR PRINCIPLE

The Republican primary campaign in Illinois has developed into a fight for principles. The Thompson-Lundin organization of Chicago, entrenched in control of that city, is endeavoring to gain control of the rest of the state.

While all of the charges made against Mayor Thompson are far from proven, the condition in which Chicago finds itself today is not a recommendation for his leadership. The city is in a bad way financially and politics rules in the management of its affairs. At the last state convention the Thompson platform was presented and an effort made for its adoption by the Thompson machine. That platform contains much to which any good citizen can subscribe, but there are other points about it so radical—so incendiary—that the principles of the Republic are attacked.

Certain well known Republican leaders in the state later aligned themselves with the Thompson-Lundin machine in the effort to be elected to office. Then Gov. Lowden and another group of party leaders entered into an agreement to oppose the Thompson forces and the fight was on. So in subsequent days Gov. Lowden and those associated with him in supporting the candidacy of Lieut. Gov. Oglesby for the Republican nomination for governor, have attacked the Thompson Tammany methods in Chicago and the incendiary proposals of the Thompson platform.

As indicated, men of high personal standing are aligned with both sides but personalities have largely been lost sight of and the contest is now one for principles.

Not many will deny that a few weeks ago the Thompson-Lundin-Small-Smith faction was in far stronger position than it is now. In these later days the people have come into a realization of what Thompson machine rule means. The unpatriotic war record of the mayor has been a factor in this "slipping." Then calm consideration has furnished the proof that insincerity is behind the Thompson program and when the insincerity and the buncombe have been wiped out there is little left for consideration.

When a candidate or political leader descends to severe epithets, when he resorts to mud-slinging methods, then there is further proof of his realization that his own cause is weakening. So the opponents of Mayor Thompson have heard with pleasure the epithets of "liar" and "thief" hurled so vigorously at them.

Divested of epithets and other superfluous verbiage, the substance of Mayor Thompson's campaign argument is that a 5 cent street car fare in Chicago is sufficient; that the bad financial situation in Chicago is the result of an increase of nearly 100 per cent in the cost of city management; that the league of nations is an uncalled for organization, will mean more war and is being fostered by the profiteers for personal gain.

If the Chicago traction lines need no increase in fares to meet operation costs, why should the expenses of the city of Chicago double? Just what does the league of nations have to do with the government of Illinois? These statements are made simply to show that there is no sincerity as the underlying basis of the contest now being waged by Mayor Thompson and his associates.

The campaign methods that they are following breed discontent, awaken class hatred and arouse labor against capital. Support is sought thru false promises and the one and only purpose is to obtain control of the state machinery in order to place Thompson and his friends so they may dominate Illinois as they do Chicago.

When announcement was first made that Gov. Lowden and others had held conferences and decided to lend their support to a certain set of candidates there was some criticism down state. Some voters objected to this seeming method of dictation, but as the campaign has progressed, as the fogs have cleared away and the issues have been clearly drawn, there has come about the understanding that in the present situation some such agreed line of action was necessary. A scattering of forces, a variety of candidacies, would have been the very thing to please Mayor Thompson and his associates—the very thing to give the Chicago machine the desired down state control.

Personal ambitions and desires were sacrificed and events have shown the wisdom of the course taken. Today the battle line is clearly drawn. Do the Republicans of the state want the unsavory Chicago political machine dominant in state politics? Do they favor a platform that is un-American, means property confiscation and threatens governmental rights?

There are men of personal worth and ability with the Thompson faction and seeking office on the Thompson platform. But there are thousands of voters down in Illinois—and in Cook county for that matter—who will set aside their personal friendship or admiration for these same Illinoisans and will vote against them in the primaries, simply because they are opposed to Thompsonism, afraid and unwilling to make the Thompson machine dominant in state politics.

For this same reason the strong candidates who are united in opposition to the Thompson program will be supported at the polls in the primary election, not only by their personal friends and admirers, but by these thousands of conscientious voters who are forgetting names and personalities and are to cast their votes against Tammany control and Tammany methods.

The following candidates have voiced their unequivocal opposition to the Thompson-Lundin methods and to the Thompson incendiary platform:

For governor—John G. Oglesby.
For U. S. senator—William B. McKinley.
For lieutenant governor—Fred Sterling.
For secretary of state—L. L. Emmerson.
For auditor of public accounts—Andrew Russel.
For treasurer—George E. Keys.
For attorney general—Edward J. Brundage.

Every one of this group of men has been tried and not found wanting. The record of each man gives proof that he wants the best things done for Illinois and believes that a public office is a public trust. Some of these men are present state office holders and much has been done thru their co-operative efforts to make for the efficiency of state government.

The nomination of these men at the primary Sept. 15 will mean a strong ticket in the November election and will mean what is of greater importance—a definite blow to the unscrupulous Chicago politicians who now seek to seize control of the machinery of the state.

GAVE BRICK FOR VANDALIA ROAD WORK

Practically all of the rip-rapping work along the Vandalia and Woods roads made necessary by the building of Lake Mauvaisterre has been done. When it was proposed to do this work the city found great difficulty in securing riprap, and so gladly took advantage of an offer of Fred Begg to give the city access to old brick near the plant of the Powers Beggs Packing Co. It will be remembered that the site of the old Whitmer brick yard was acquired by the company several years ago. The city hauled over 70 loads of brick suitable for the rip-rapping work and still more material will be available.

No charge is made so that Mr. Begg has furnished another example of co-operation for the good of Jacksonville.

MAPS SHOWING ELECTION DISTRICTS NOW AVAILABLE

County Clerk Riggs has recently secured a number of city and county maps showing the election districts. They are available for persons interested and who call at the office. By the changes recently made the county is now divided into 44 election districts and the boundaries are identical for city and county elections.

REV. A. F. EWERT RECEIVES CALL

Pastor of White Hall Presbyterian Church to Decide by October 1 as to Acceptance of Call to Chicago Church.

White Hall, Sept. 4.—Rev. Arthur Frederick Ewert, pastor of the White Hall Presbyterian church, has been called to the pastorate of the new Eighth Presbyterian church in Chicago, and his decision to accept will be held in abeyance until October 1st.

Rev. Ewert has work under way here that he will see completed before relinquishing, this consisting of basement improvements on the local church at an expense of $11,000 that will provide facilities for social recreation and make the church something of everyday utility. He is also the leading figure in the White Hall chautauqua, but chautauqua work is a side issue with him during the summer months.

The telegraph advice stated that the formal call would be mailed. The salary is fixed at $4,500 per year. The church is a consolidation of the Eighth and Central churches two years ago, since which time there has been completed a new edifice at a cost of $150,000. The membership is about 800. The church also has an endowment fund of $25,000. It is located near Garfield Park.

Rev. Ewert is one of the most successful ministers in this section of the country, his work extending into all departments of community activities, and for a long time it has been felt that he is too big for White Hall. He has turned down previous calls from all parts of the country. His work in White Hall speaks for itself more substantially than any fulsomeness that a news writer could give it.

The country was not enthusiastic about the bureau of public information during the wartime, as conducted by George Creel. Now they find that the department was conducted at an expense to the government of something like $5,000,000 and there is still less enthusiasm.

Altho railroad passenger rates did not advance Sept. 1 in Illinois, Pullman rates did. There is the possibility that the company will find the new rates less profitable than those previously in effect. On some trains within the state there has been a noticeable falling off in the Pullman patronage. Sleeping car rates may be scaled so high that people are better satisfied with the comfort of coaches and chair cars.

Morgan county Republicans have with common consent worked out a harmony organization plan. When the supreme court made a finding which disqualified the committeemen elected this year there was a chance for a disagreement, but good sense and good feeling have prevailed and the members of both the new and the old committee are ready to work in a co-operative way for party success.

The feeling shown is a good omen for results in November.

That was a very brief resolution the American Legion in convention in Chicago adopted condemning Mayor Thompson's war record. It was effective and from a source that counts. Men who were overseas fighting in the trenches when copies of Mayor Thompson's speeches were being dropped from aeroplanes as part of the German propaganda plan are in position to judge of the Thompson war record.

The public is already losing interest in the discussion of campaign expenditures which resulted from the sensational charges made by Gov. Cox. This fact has brought the comment that if the Democratic candidate expected to gain any benefit from the charges that he should have waited until a week or two before the election. Then there wouldn't have been time for the charges to fall flat or for the public to find out the hollowness of the accusations.

Rippling Rhymes
By Walt Mason

THE BAD COLD.

I find by the summer seas one
catches colds, just as at home: oh,
come, my friends, and hear me
sneeze, and see my whiskers flecked
with foam. This climate is the
brag and boast, and endless pride
of quite a few; but all along the
sunny coast I hear men say, "Kerswooch! Kerchoo!" The pills I
take are black and tan, the poultice is a sight to see; I do not care
for any man who will not come
and sneeze with me. Oh, when
one has a summer cold, the old
world's beauties fade away; the
azure skies seem stale and old, the
sun shows symptoms of decay.
You see the starlight on the deep,
and do not feel a single thrill; you
merely shed a bitter weep, and
take another blue black pill. My
heart is filled with discontent I
sit here beside the sea; I've no respect for any gent who will not
sneeze a round with me.. The
glands are swollen in my throat
and every cough gives me a shock,
and I have lost the saintly goat
that came with me to Plymouth
Rock. My thoughts are all of
doom and fate, and will be till
from colds I'm free; I have it in
for any skate who will not sneeze
a tune with me.

President of Local Tailoring Concern Makes Timely Statement About the Clothing Market

SAYS LOWER PRICE TALK IS MISLEADING

Makes Thorough Study of Situation and Gives Logical Reasons For Conclusions Reached—Many Delayed Buying Until Fall On Strength of Rumored Lower Wholesale Prices—Disappointment is Result as An Actual Shortage of Good Woolens Exists—Local Concern Fortunate in Having Considerable High Grade Stock On Hand Bought Below Present Prices—Announce Some Very Low Figures on Suits and Overcoats for F all and Winter

In our advertisement last week I told you that I was in Chicago on a buying trip and to study the markets, and promised you an interesting announcement upon my return regarding fabrics and prices for Fa nd I wish here to make a plain statement of the actual conditions as I found them.

First let me say that I have taken notice of the growing public sentiment during the past three or four months and the belief that all commodities, including clothing, would certainly soon be lower in price.

This sentiment was so general that I, like many other merchants who already had placed their orders for Fall goods at higher prices than hitherto paid, cancelled the larger part of these orders.

I considered that it would be wise to wait until the latter part of August and if there were any reductions in prices, take advantage of them.

With this idea in mind I went to Chicago and called upon the leading jobbers in that city and made known the fact that I was in the market for merchandise, provided I could buy at figures which would enable us to make and sell first quality suits at really notable reductions.

I must confess that I have been badly fooled and as sorely disappointed.

I was informed invariably and credibly that there were no noticeable reductions in prices; that jobbers had bought very sparingly from the mills with the result that there will be an actual shortage of good cloth.

I also was told that in the great majority of towns and cities there was no business depression, this especially true in manufacturing centers where wages are high and work steady; that only in a few towns like Jacksonville had there been complaints.

It is a fact that in the past year many merchants have overstocked and that in order to reduce and to turn this stock to release their capital have been forced to hold sales, offering striking reductions in prices, but such an action cannot be taken as indicative of early price reduction in clothing.

The fact that wages are high both in the manufacture of cloth and in the process of tailoring will continue to cause the finished garments to remain at about present prices.

In support of my statement I wish to call attention to the following press dispatch, in the Chicago Tribune of Sept. 1, 1920:

AMERICAN WOOLEN CO. MILLS TO REOPEN SOON

Boston, Mass., Sept. 1.—The American Woolen company, whose mills have been shut down, will start the preparatory department September 13, and other departments thereafter as soon as possible. The wage scale will be the same as when the mills were forced to shut down in July. The company employs upward of 30,000 operatives.

Another item in 'higher costs' is the proven fact that people are wearing their clothing for a much longer period than ever before known, which means that the retailer or tailor is selling a much less number of garments when, at the same time, cost of doing business—rents, clerk hire, operators, power, etc.—is very much higher, as is well known.

Therefore, fewer garments sold plus higher selling costs, also means higher costs to the consumer per suit. This item may not have been taken into consideration by the consumer, but nevertheless it is a fact that this is an item which must be charged up to the cost of a garment. I am convinced from figures that this item alone has made it necessary for the merchant to add at least $5.00 per suit to pre-war costs.

We have however one redeeming feature—and this is that we shall be able to sell high grade suits and overcoats at a really low figure.

Despite our cancellations as mentioned at the beginning of this interview; and despite my disappointment in not being able to obtain some appealingly low prices during my recent visit to Chicago, we have on hand a (for Jacksonville) large stock of high grade woolens in current styles, secured at figures much less than those quoted me recently.

We are going to offer these weaves while they last, at very low figures; and wish to say that the man who needs a suit or overcoat will save considerable money by taking advantage of this offer and making an early selection to obtain the best of the fabrics we are able to offer.

At least do yourself the justice to call and inspect them.

ALBERT RENNER,
President.

GAVE BRICK FOR VANDALIA ROAD WORK

Practically all of the rip-rapping work along the Vandalia and Woods roads made necessary by the building of Lake Mauvaisterre has been done. When it was proposed to do this work the city found great difficulty in securing riprap, and so gladly took advantage of an offer of Fred Begg to give the city access to old brick near the plant of the Powers Beggs Packing Co. It will be remembered that the site of the old Whitmer brick yard was acquired by the company several years ago. The city hauled over 70 loads of brick suitable for the rip-rapping work and still more material will be available.

No charge is made so that Mr. Begg has furnished another example of co-operation for the good of Jacksonville.

MAPS SHOWING ELECTION DISTRICTS NOW AVAILABLE

County Clerk Riggs has recently secured a number of city and county maps showing the election districts. They are available for persons interested and who call at the office. By the changes recently made the county is now divided into 44 election districts and the boundaries are identical for city and county elections.

WILL LEAVE FOR LOUISVILLE

Mrs. Beulah Tull Coddington is to leave soon for Louisville, Ky., to begin a fall and winter engagement with an entertainment company. Mrs. Coddington will be the singer and reader with the company, the itinerary having been arranged by the Continental Lyceum bureau.

MISS RAWLINGS HOME FROM CHINA

Returned Missionary Talks Interestingly of Her Work—Has Been in China Since 1915.

Miss Helen Rawlings, who has been a missionary teacher in Hang Chow, China, for the past five years, arrived in the city on Friday and is visiting at the home of Miss Carrie B. Spires, 411 North Fayette street. She made the journey from Shanghai to Vancouver, B. C., on the ship, "Empress of Asia," and came to Jacksonville after visiting her brother in Chicago.

Miss Rawlings was formerly a teacher in the School for the Deaf in Jacksonville, and is well known in this city. She arrived in China in January, 1915, and since then has been engaged as a missionary teacher in the Normal school at Hang Chow. The chief aim of this school is to fit Chinese young ladies to teach in the Chinese schools and the school has been successful in turning out some splendid teachers. The Normal school is part of the Union girls' school and is directed by a union of the Baptist and Presbyterian missionarys.

The school is located in a wealthy section of the city and consequently has many students drawn from the wealthy classes. The school is a modern building and is furnished in modern style and has achieved a great reputation thru the province as a model school. The governor of the province, who is nominal head of the schools of his province, has been in the habit of sending other persons interested in establishing schools to see this school and use it as a model.

The senior girls' school has an enrollment of 266 and has six American teachers. A dormitory has been erected and 175 girls live in this during the school year.

The school yard has a great deal of beautiful scenery and also many contrivances to furnish enjoyment for the smaller children. Miss Rawlings takes great pride in the fact that one of the members of her first graduating class has charge of the pupils and cares for all the duties that she, herself had, during her absence. Many of the older students and those who have graduated from the school go about the city teaching classes in Sunday schools and singing in churches and other religious services.

The young people of the richer classes in Hang Chow take a great interest in the school work but the children of the poorer classes have no opportunity for going to school and under present conditions the cost of education, as low as it is in China, is prohibitive to poor children. The success of school work in a province depends in a large measure upon the governor of the province and how he spends the money levied for the use of school. In almost every province whch has had a governor who would take interest in schools, great progress has been made. The Y. M. C. A., in Hong Chow of which E. E. Barnett is head, co-operates with the religious and educational efforts being made by missionaries, and is doing good work.

Miss Rawlings thinks the future of missionary endeavor in China is very bright. Plans are being worked out to bring about conditions under which the poorer classes can be educated and the number of capable teachers is steadily increasing. Also the school is a splendid instrument for religious purposes. A newspaper, "New Education," is published in Chinese by a Chinese graduate of Columbia University. While students in the Union Grls' School are not required to accept the Christian religion, no student has ever graduated from the schools without voluntarily accepting it as their religion.

Miss Rawlings will leave next week for New York, and will enter into some studies in Columbia Uniersity before she leaves again for China next year. She will be present at the "Helen Rawlings Chapter" of the World Wide Guild of the First Baptist church, which will meet at the home of Miss Spires at 411 North Fayette street.

ALL THE LATE NEWS OF THE SPORT WORLD

Nicholson and Speaker Now Leading Hitters

CHICAGO, Sept. 4—Outfielder Nicholson, the Pittsburgh slugger, has taken the lead among the National Lague batter, from Roger Hornsby of St. Louis. Nicholson experienced a great period at bat during the week and is topping the list with an average of .381, among players who have participated in fifty or more games. The averages released today include games of last Wednesday. Hornsby did not do so well with the willow and dropped to .365. However he is well ahead of Eayrs of Boston who is in third place with .328. Hornsby however increased his lead in total bases to 254.

Cy Williams, of Philadelphia seems to have struck a hoodo in 13, as he has not added to this number of circuit drives in the past two weeks, but still he is three in front of his teammate, Meusel, who has cracked out ten homers.

Max Carey of Pittsburgh stole three bases in the past week and is showing the way to the base stealers with 48. Burns of New York has taken the lead from Bancroft, a teammate as the best run-getter. Burns registered 87 times to ancroft's 81.

Other leading batters: Young, New York, .336; Roush, Cincinnati, .336; Stock, St. Louis, .357; J. Smith, St. Louis, .324; King, New York, .323; Hollocher, Chicago, .318; Z. Wheat, Brooklyn, .316; Konetchy, Brooklyn, .315; Fournier, St. Lous, .313; Myers, Brooklyn, .311; Williams, Philadelphia, .311.

George Sisler, the St. Louis star who was topping the batters in the American Leage, ran into a batting slump when the Mound City club invaded the East on the last jaunt, and as a result Tris Speaker, manager, of Cleveland, is heading the procession with an average of .395. Sisler is the runner-up, however, only one point behind with .394. Eddie Collins, captain of the Chicago White Sox, has greatly improved his batting mark and is pressing Jackson, a teammate, and Ruth, of New York. Jackson is batting .377, Ruth .374, and E. Collins, .367.

"Babe" Ruth has played in only one game since the last averages were compiled and in that contest he cracked out his forty-fourth home run. His total base record was brought up to .316 and his scoring record to 134. Ruth is out of the game because of an infection on his arm, but is expected to be back in the line next week.

Rice of the Washington team was not able to steal any bases during the past week but his 45 thefts give him a big lead over his nearest rival, Sisler, who pilfered 28.

Other leading batters: Meusel, New York, .348; Murphy, Chicago, .347; Jacobson, St. Louis, .341; Hendryx, Boston, .341; Rice, Washington, .340; Judge, Washington, .339; Weaver, Chicago, .335; Felsch, Chicago, .329; Cobb, Detroit, .326.

Bunny Brief of Kansas City and Bubbles Hargrave of St. Paul are having a merry race among the American Association players. They went into a tie last week for home rnn honors and for total bases, and each has been keeping up the pace. They are tied this week with 20 homers each and each has a total base record of 258 bases. They also are tied in doubles with 30 a piece. Hargrave leads in triples with eleven to Brief's seven, but in total number of hits Brief has a shade with 154 to his rival's 146, the former having played in 132 games to the latter's 123. Hargrave has passed the century mark in runs scored, having registered 101 tallies.

Grover Hartley of Columbus with an average of .351 is topping the batters who have played in fifty or more games while Hargrave is runner-up with .336 and Wickland of Toledo third with .334. Rapp of St. Paul with 41 thefts is showing the way to the base stealers.

Other leading batters: Rondeau, Minneapolis, .333; Tincup, Louisville, .329; Good, Kansas City, .328; Wade, Mnneapolis, .326; Rehg, Indianapolis, .325; Hyatt, Toledo, .322; James Minneapolis, 321; Rapp, St. Paul .320; Kirk, Louisville, .317; Brief, Kansas City, .316; Bergh-hammer, St. Paul, .315.

BOXING BOUTS TO BE STAGED AT BEARDSTOWN

Knockout Brown Will Go Ten Rounds With Jack Billings—Other Classy Bouts on Program.

Classy bouts will feature the boxing program of the Beardstown Athletic club to be given on the night of Labor day.

Matchmaker George Roumas has billed the best card that this section has ever seen. The main bout is between George (Knockout) Brown the famous Greek middleweight of Chicago and Jack Billings of Brooklyn N. Y.

Fans who witness this bout will see some action as both are fighters of the tearing in type. Brown has been fighting for a number of years and during that time has tackled all of the toughest men in the business.

He has fought all of the champions and near champions, among the late Stanley Ketchel, Papke, and all who would take him on. After fighting everybody in this country he journeyed to Australia where he took on all comers, among them Les Darcy. Brown did his greatest fighting in Australia and easily held his own with their best heavyweights.

Billings has not been fighting as long as Brown. However, he has made reputation for himself as a hard scientific fighter. He has always proven a willing mixer and never dodges a battle with anyone, whether it be Miske, O'Dowd or any of the greats and near greats.

Both posted a big forfeit to be on the battle ground at Beardstown Saturday night so their appearance is practically assured. The main bout will go ten rounds with a newspaper decision..

Rayburn a Beardstown fighter who has been going good will appear in the semi-windup with Jack McFarland of Rock Island as an opponent. The other Beardstown boys will fight four rounds. As a cutain raiser a battle royal will be staged between five colored boys from this city.

The sporting editor of the Chicago Evening Post will referee the bouts.

PEKIN RAINBOWS TO BE HERE TODAY

Fast Pekin Team to Play Today and Monday—Probably Patrick and Claude Today.

Two games of unusual interest to local fans are those scheduled for today with the Pekin Rainbows. This team has a record of five wins from the Indees in the past two seasons and the locals are going to try hard to reverse the decision this time.

It is probable that Patrick and Claude will be the opposing pitchers this afternoon. If Patrick is as good as he has been his last two tries he should be able to best the Pekin lads as he has everything a pitcher needs including brains and control.

John Wright will pitch the Monday game. Wright also is going good and if he is in form he will turn back the visitors. It is probably Doren or Lacody of Springfield will oppose him.

Pekin will be minus the services of Dittmer and Vedel this trip. Dittmer defeated the locals almost single handed in two of the games here in July and Vodel robbed several of the home players of extra base wallops by his fielding. Local fans will not shed tears over their absence. The lineups:

Pekin—Callahan, c; Bennett, 1b; Vaughn, 2b; Petri, 3b; Clay, ss; White, cf; Rhodes, rf; Schroeder, lf; Claude, Doren, Lascody or Duncan, p.

Indees—Denny, 3b; Wheeler, 1b; Ruble, 2b; Clark, cf; De-Frates, ss; Scott, rf; Christopher, lf; Grady, c; Patrick, Wright, Riggs, Hamm, p.

NEW YORK WINS PROTEST GAME

NEW YORK, Sept. 4. — New York's victory over Philadelphia on the afternoon of July 5, was affirmed with emphasis today. Under a ruling of President Heydler of the National League sustaining in part the protest of Manager Cravath of the Phillies, the teams today took the field as of the first half of the seventh inning with two out, Stengel on third and Fletcher on second.

The line up was the same except Grimes succeeded Doyle at second for New York. The final score on July 5th was 6 to 0 in New York's favor, but today in the replay of the eighth inning the Giants added seven more runs making the score 13 to 0.

The protest in the original game resulted after Umpire McCormick declared Fletcher retired on a force out at second when Umpire Harrison, working behind the plate ruled a pop fly by Wrightstone as an infield fly which automatically prevented a force out.

Phillies . 000 000 000— 0 4 4

Batteries — Causey, Hubbell, Betts and Wheat; Nehf, Perritt and Smith.

LOUISVILLE BUY PLAYERS

Louisville, Ky., Sept. 4.—A $1,-President William H. Knebelkamp of the Louisville American Association baseball club has announced purchase of Herbert Miller, a pitcher, from the Bartown Club of the Florida State League, and the acquisition of Pitcher Eddie Miller, claimed by the waiver route from the Milwaukee American Association cdub.

Herbert Miller is a righthander, 22 years old, more than six feet tall and is said to rank among the best twirlers in the Florida circuit before joining the Bartow club he played semi-professional baseball in Cleveland.

PITTSBURGH DEFEATS CHICAGO 3 TO 2

Pirates Come from Behind in the Eighth Inning, When a Base on Balls Followed by a Triple Resulted in Two Runs.

Dempsey Confident He Will Score Knockout

BENTON HARBOR, Mich., Sept. 4.—Jack Dempsey is supremely confident tonight that he will knock out Billy Miske when they meet Monday afternoon while the fact that he will meet a champion apparently has made no impression on the smiling, square-jawed Miske.

"Of course I expect to win," Dempsey said tonight. "I expect to win decisively, and, while I am confident of knocking out Miske, I know it won't be any picnic.

"Miske is tough and can give and take. I know, for I fought him sixteen rounds in two contests and I don't mind admitting that he gave me pretty stiff battles and jarred me to my heels.

"I am going to try to knock him out as quickly as possible. I have worked as hard for this battle as I did for the Willard fight, and I'm not taking any chances of losing the title thru poor condition. I'm in better shape than when I fought Willard.'

Miske is "all set" for the battle of his career.

"I'm not going to predict that I will knock out Dempsey,' he said, "but I am certainly going to try to. The ambition of my life is to win this battle. I've fought Dempsey twice and though he hurt me badly, I held my own. I am better and stronger now and Dempsey will have little chance of beating me by tearing in as he did with Willard. I'll be ready for him."

Both fighters finished their training today. Miske boxed two tame rounds with Jack Hansen. Dempsey took only light exercise. The question of a referee still still remains undecided as Chairman Bigger of the Michigan boxing commission has refused to issue a license to Jim Dougherty of Philadelphia, whom Dempsey wanted.

Bigger said the commission had decided to issue no licenses to officials outside the state.

WISCONSIN PLAYS ILLINI NOVEMBER 13

Madison, Wis., Sept. 4.—The University of Wisconsin is a hard series on the grid-iron closing the season, Ohio State, Minnesota, Illinois and Chicago coming in a row. The 1920 gridiron dates of the Cardinals are as follows:

Oct. 2.—Lowrence at Madison.
Oct. 9—Michigan Aggies at Madison.
Oct. 23—Ohio State at Columbus.
Nov. 6—Minnesota at Minneapolis.
Nov. 13—Illinois at Madison-Home Coming.
Nov. 20—Chicago at Chicago.

WILL HAVE MULE RACE.

Louisville, Ky., Sept. 4.—A 1'-000 race between mules will be held at the Kentucky State Fair this month. A number of entries have been received from Kentucky's famous mule producing counties.

Hamline, Minn., Sept. 4.—Agnes Patch won the Twin Cities 2:15 pace, the feature race. in straight heats at tht opening of the Great Western Circiut races at the Minnesota state fair here today.

"BABE" RUTH GETS TWO HOME RUNS

BOSTON, Sept. 4.—This was "Babe" Ruth day at Fenway park, and the New York batsman craked out two home runs to celebrate. His total for the season now stands at 46. His first circuit clout of the day came in the third inning of the first game of a double header and in the sixth inning of the second game he gained his second homer, both lofty drives into the right field stands.

Chicago, Sept. 4.—When Babe Ruth today knocked his forty-sixth home run of the season he broke all known world's records.

Ruth last season broke "Buck" Freeman's major league record of 25 home runs in a season by driving out 29. This, however, was not a world's record, for Perry Werden, playing with Minneapolis, then in the Western League made forty-five four-base hits in 1895. Most of Werden's home runs were made in the Minneapolis park, however, which had very close right and left field fences.

Ruth this year has made at least one home run in every ball park in the American League altho he has of course made more in New York than in any other city.

DEMPSEY-MISKE FIGHT RETURNS

The Dempsey-Miske fight at Benton Harbor will be received by the Journal Labor Day.

Arrangements have been made with The Associated Press for the fight by rounds, direct from the arena.

Bulletins will be posted in the Journal window beginning at 3 p. m.

Why Man,
We Organized This Store for You!

We have found that success in selling men the things they wear depends solely on knowing what men want—and then giving it to them.

LOVELY FALL SUITS

We believe that, above all, men want their money's worth; that no man wants shoddy, ill-appearing stuff at any price; that a man likes to trade at a store that stands as solidly back of the lowest priced collar buttons they sell as the finest suits it makes.
discriminating men's clothes as a basis, we de discriminating men clothes as a basis, we deliberately organized this store along lines that men just couldn't help approving of. Why, man, we organized this store for you.

A Watch is Made to Keep Time
(UPSTAIRS)

Of what use is a watch if it will not tell correct time? When we repair a watch we want it to keep correct time. We not only repair watches, but we adjust and time them. There is a difference in simply repairing a watch and adjusting it. A mechanic can often repair a watch, but it requires art and skill to adjust and time a watch after the repairing is done. When we repair a watch we do the adjusting and timing FREE. The accurate adjusting and timing we give a watch is what makes our repairing give satisfaction.

ALL THE LATE NEWS OF THE SPORT WORLD

Nicholson and Speaker Now Leading Hitters

CHICAGO, Sept. 4—Outfielder Nicholson, the Pittsburgh slugger, has taken the lead among the National Lague batter, from Roger Hornsby of St. Louis. Nicholson experienced a great period at bat during the week and is topping the list with an average of .381, among players who have participated in fifty or more games. The averages released today include games of last Wednesday. Hornsby did not do so well with the willow and dropped to .365. However he is well ahead of Eayrs of Boston who is in third place with .338. Hornsby however increased his lead in total bases to 254.

Cy Williams, of Philadelphia seems to have struck a hoodo in 13, as he has not added to this number of circuit drives in the past two weeks, but still he is three in front of his teammate, Meusel, who has cracked out ten homers.

Max Carey of Pittsburgh stole three bases in the past week and is showing the way to the base stealers with 48. Burns of New York has taken the lead from Bancroft, a teammate as the best run-getter. Burns registered 87 times to ancroft's 81.

Other leading batters: Young, New York, .336; Roush, Cincinnati, .336; Stock, St. Louis, .357; J. Smith, St. Louis, .324; King, New York, .323; Hollocher, Chicago, .318; Z. Wheat, Brooklyn, .316; Konetchy, Brooklyn, .315; Fournier, St. Lous, .313; Myers, Brooklyn, .311; Williams, Philadelphia, .311.

George Sisler, the St. Louis star who was topping the batters in the American Leage, ran into a batting slump when the Mound City club invaded the East on the last jaunt, and as a result Tris Speaker, manager, of Cleveland, is heading the procession with an average of .395. Sisler is the runner-up, however, only one point behind with .394. Eddie Collins, captain of the Chicago White Sox, has greatly improved his batting mark and is pressing Jackson, a teammate, and Ruth, of New York. Jackson is batting .377, Ruth .374, and E. Collins, .367.

"Babe" Ruth has played in only one game since the last averages were compiled and in that contest he cracked out his forty-fourth home run. His total base record was brought up to .316 and his scoring record to 134. Ruth is out of the game because of an infection on his arm, but is expected to be back in the line next week.

Rice of the Washington team was not able to steal any bases during the past week but his 45 thefts give him a big lead over his nearest rival, Sisler, who pilfered 28.

Other leading batters: Meusel, New York, .348; Murphy, Chicago, .347; Jacobson, St. Louis, .341; Hendryx, Boston, .341; Rice, Washington, .340; Judge, Washington, .339; Weaver, Chicago, .335; Felsch, Chicago, .329; Cobb, Detroit, .326.

Bunny Brief of Kansas City and Bubbles Hargrave of St. Paul are having a merry race among the American Association players. They went into a tie last week for home rnn honors and for total bases, and each has been keeping up the pace. They are tied this week with 20 homers each and each has a total base record of 258 bases. They also are tied in doubles with 30 a piece. Hargrave leads in triples with eleven to Brief's seven, but in total number of hits Brief has a shade with 154 to his rival's 146, the former having played in 132 games to the latter's 123. Hargrave has passed the century mark in runs scored, having registered 101 tallies.

Grover Hartley of Columbus with an average of .351 is topping the batters who have played in fifty or more games while Hargrave is runner-up with .336 and Wickland of Toledo third with .334. Rapp of St. Paul with 41 thefts is showing the way to the base stealers.

Other leading batters: Rondeau, Minneapolis, .333; Tincup, Louisville, .329; Good, Kansas City, .328; Wade, Mnneapolis, .326; Rehg, Indianapolis, .325; Hyatt, Toledo, .322; James Minneapolis, 321; Rapp, St. Paul .320; Kirk, Louisville, .317; Brief, Kansas City, .316; Bergh-hammer, St. Paul, .315.

BOXING BOUTS TO BE STAGED AT BEARDSTOWN

Knockout Brown Will Go Ten Rounds With Jack Billings—Other Classy Bouts on Program.

Classy bouts will feature the boxing program of the Beardstown Athletic club to be given on the night of Labor day.

Matchmaker George Roumas has billed the best card that this section has ever seen. The main bout is between George (Knockout) Brown the famous Greek middleweight of Chicago and Jack Billings of Brooklyn N. Y.

Fans who witness this bout will see some action as both are fighters of the tearing in type. Brown has been fighting for a number of years and during that time has tackled all of the toughest men in the business.

He has fought all of the champions and near champions, among the late Stanley Ketchel, Papke, and all who would take him on. After fighting everybody in this country he journeyed to Australia where he took on all comers, among them Les Darcy. Brown did his greatest fighting in Australia and easily held his own with their best heavyweights.

Billings has not been fighting as long as Brown. However, he has made reputation for himself as a hard scientific fighter. He has always proven a willing mixer and never dodges a battle with anyone, whether it be Miske, O'Dowd or any of the greats and near greats.

Both posted a big forfeit to be on the battle ground at Beardstown Saturday night so their appearance is practically assured. The main bout will go ten rounds with a newspaper decision..

Rayburn a Beardstown fighter who has been going good will appear in the semi-windup with Jack McFarland of Rock Island as an opponent. The other Beardstown boys will fight four rounds. As a cutain raiser a battle royal will be staged between five colored boys from this city.

The sporting editor of the Chicago Evening Post will referee the bouts.

PEKIN RAINBOWS TO BE HERE TODAY

Fast Pekin Team to Play Today and Monday—Probably Patrick and Claude Today.

Two games of unusual interest to local fans are those scheduled for today with the Pekin Rainbows. This team has a record of five wins from the Indees in the past two seasons and the locals are going to try hard to reverse the decision this time.

It is probable that Patrick and Claude will be the opposing pitchers this afternoon. If Patrick is as good as he has been his last two tries he should be able to best the Pekin lads as he has everything a pitcher needs including brains and control.

John Wright will pitch the Monday game. Wright also is going good and if he is in form he will turn back the visitors. It is probably Doren or Lacody of Springfield will oppose him.

Pekin will be minus the services of Dittmer and Vedel this trip. Dittmer defeated the locals almost single handed in two of the games here in July and Vodel robbed several of the home players of extra base wallops by his fielding. Local fans will not shed tears over their absence. The lineups:

Pekin—Callahan, c; Bennett, 1b; Vaughn, 2b; Petri, 3b; Clay, ss; White, cf; Rhodes, rf; Schroeder, lf; Claude, Doren, Lascody or Duncan, p.

Indees—Denny, 3b; Wheeler, 1b; Ruble, 2b; Clark, cf; DeFrates, ss; Scott, rf; Christopher, lf; Grady, c; Patrick, Wright, Riggs, Hamm, p.

NEW YORK WINS PROTEST GAME

NEW YORK, Sept. 4. — New York's victory over Philadelphia on the afternoon of July 5, was affirmed with emphasis today. Under a ruling of President Heydler of the National League sustaining in part the protest of Manager Cravath of the Phillies, the teams today took the field as of the first half of the seventh inning with two out, Stengel on third and Fletcher on second.

The line up was the same except Grimes succeeded Doyle at second for New York. The final score on July 5th was 6 to 0 in New York's favor, but today in the replay of the eighth inning the Giants added seven more runs making the score 13 to 0.

The protest in the original game resulted after Umpire McCormick declared Fletcher retired on a force out at second when Umpire Harrison, working behind the plate ruled a pop fly by Wrightstone as an infield fly which automatically prevented a force out.

LOUISVILLE BUY PLAYERS

Louisville, Ky., Sept. 4.—A $1,-President William H. Knebelkamp of the Louisville American Association baseball club has announced purchase of Herbert Miller, a pitcher, from the Bartown Club of the Florida State League, and the acquisition of Pitcher Eddie Miller, claimed by the waiver route from the Milwaukee American Association cdub.

Herbert Miller is a righthander, 22 years old, more than six feet tall and is said to rank among the best twirlers in the Florida circuit before joining the Bartow club he played semi-professional baseball in Cleveland.

Dempsey Confident He Will Score Knockout

BENTON HARBOR, Mich., Sept. 4.—Jack Dempsey is supremely confident tonight that he will knock out Billy Miske when they meet Monday afternoon while the fact that he will meet a champion apparently has made no impression on the smiling, square-jawed Miske.

"Of course I expect to win," Dempsey said tonight. "I expect to win decisively, and, while I am confident of knocking out Miske, I know it won't be any picnic.

"Miske is tough and can give and take. I know, for I fought him sixteen rounds in two contests and I don't mind admitting that he gave me pretty stiff battles and jarred me to my heels.

"I am going to try to knock him out as quickly as possible. I have worked as hard for this battle as I did for the Willard fight, and I'm not taking any chances of losing the title thru poor condition. I'm in better shape than when I fought Willard.'

Miske is "all set" for the battle of his career.

"I'm not going to predict that I will knock out Dempsey,' he said, "but I am certainly going to try to. The ambition of my life is to win this battle. I've fought Dempsey twice and though he hurt me badly, I held my own. I am better and stronger now and Dempsey will have little chance of beating me by tearing in as he did with Willard. I'll be ready for him."

Both fighters finished their training today. Miske boxed two tame rounds with Jack Hansen. Dempsey took only light exercise The question of a referee still still remains undecided as Chairman Bigger of the Michigan boxing commission has refused to issue a license to Jim Dougherty of Philadelphia, whom Dempsey wanted.

Bigger said the commission had decided to issue no licenses to officials outside the state.

WISCONSIN PLAYS ILLINI NOVEMBER 13

Madison, Wis., Sept. 4.—The University of Wisconsin is a hard series on the grid-iron closing the season, Ohio State, Minnesota, Illinois and Chicago coming in a row. The 1920 gridiron dates of the Cardinals are as follows:

Oct. 2.—Lowrence at Madison.
Oct. 9—Michigan Aggies at Madison.
Oct. 23—Ohio State at Columbus.
Nov. 6—Minnesota at Minneapolis.
Nov. 13—Illinois at Madison-Home Coming.
Nov. 20—Chicago at Chicago.

WILL HAVE MULE RACE.

Louisville, Ky., Sept. 4.—A 1'-000 race between mules will be held at the Kentucky State Fair this month. A number of entries have been received from Kentucky's famous mule producing counties.

Hamline, Minn., Sept. 4.—Agnes Patch won the Twin Cities 2:15 pace, the feature race. in straight heats at tht opening of the Great Western Circiut races at the Minnesota state fair here today.

"BABE" RUTH GETS TWO HOME RUNS

BOSTON, Sejt. 4.—This was "Babe" Ruth day at Fenway park, and the New York batsman craked out two home runs to celebrate. His total for the season now stands at 46. His first circuit clout of the day came in the third inning of the first game of a double header and in the sixth inning of the second game he gained his second homer, both lofty drives into the right field stands.

Chicago, Sept. 4.—When Babe Ruth today knocked his forty-sixth home run of the season he broke all known world's records.

Ruth last season broke "Buck" Freeman's major league record of 25 home runs in a season by driving out 29. This ,however, was not a world's record, for Perry Werden, playing with Minneapolis, then in the Western League made forty-five four-base hits in 1895. Most of Werden's home runs were made in the Minneapolis park, however, which had very close right and left field fences.

Ruth this year has made at least one home run in every ball park in the American League altho he has of course made more in New York than in any other city.

Why Man,
We Organized This Store for You!

We have found that success in selling men the things they wear depends solely on knowing what men want—and then giving it to them.

LOVELY FALL SUITS

We believe that, above all, men want their money's worth; that no man wants shoddy, ill-appearing stuff at any price; that a man likes to trade at a store that stands as solidly back of the lowest priced collar buttons they sell as the finest suits it makes. discriminating men's clothes as a basis, we de discriminating men clothes as a basis, we deliberately organized this store along lines that men just couldn't help approving of. A Watch is Made to Keep Time
(UPSTAIRS)

Of what use is a watch if it will not tell correct time? When we repair a watch we want it to keep correct time. We not only repair watches, but we adjust and time them. There is a difference in simply repairing a watch and adjusting it. A mechanic can often repair a watch, but it requires art and skill to adjust and time a watch after the repairing is done. When we repair a watch we do the adjusting and timing FREE. The accurate adjusting and timing we give a watch is what makes our repairing give satisfaction.

SINCLAIR

Mrs. J. C. Swain returned from Pike county Friday, where she went to attend the funeral of her cousin, Frank Grimmitt, who died suddenly one day the previous wek.

N. T. Fox has torn away his tenant house north of Sinclair and is building a new house on the site of the old one. J. C. Swain has wrecked and removed the old Crane house south of Sinclair, preparatory to erecting a new house. Thus the old landmarks are gradually disappearing.

The Little Indian and Sinclair ball teams played a game here last Sunday resulting in a score of 15 to 10 in favor of the home team. Sinclair and a Jacksonville team will play here next Sunday afternoon, weather permitting.

Mrs. Ethel Stockton McNanara of Peoria is spendng her vacation with her parents, Mr. and Mrs. Jeff Stockton, east of Sinclair.

Gerald Southard suffered an injury to one of his hands during the ball game Sunday, when he was struck by a pitched ball.

George McCarthy and family of Sinclair and T. L. Brown of Ashland spent Sunday visiting Harry Perry and family north of Jacksonville.

Miss Sarah Swain, who had her arm broken some time since, continues to improve nicely.

Marion Riggs of Kansas City has been visiting with his uncle Fred Trotter and family for a few days.

TOURISTS STOP IN JACKSONVILLE

A party of tourists composed of Mrs. M. E. Sawyer, of Boston, her son, Clifton H. Sawyer; Miss Dorothy Fitts, of Windsor, Vermont, and T. Otana stopped here for a while yesterday. The party started their journey in Boston and are going to Los Angeles, California. T. Otana will go to San Francisco, where he will leave for his home in Japan. They stopped at the home of Mrs. Sawyer's brother in Fairfield, Ohio, for a short visit. The party has been camping along the way and have not yet remained over night in a hotel. Near Fairfield, their car was turned over and badly damaged but no one was injured in the accident. Mrs. Sawyer who is engaged in the manufacturing of extracts expects to make Los Angeles her permanent home.

HENEGHAN FAMILY WILL HOLD REUNION

Members of Family Will Gather Here Today — J. F. Heneghan Here from New York City.

J. F. Heneghan of New York City is in Jacksonville for a short visit with his brother, Phil A. Heneghan, and other members of the family whom he has not seen for some little time. L. P. Heneghan, brother, an attorney of St. Louis, arrived Saturday night. Mrs. Phillip Heneghan, mother of the boys, and Mr. and Mrs. Matt Heneghan of Jerseyville motored to Jacksonville Saturday.

J. F. Heneghan is a purser on the boats of the United Fruit company running between the West Indies, Central and South America and while his headquarters nominally are in New York his time is mostly spent on the water or in foreign ports. Mr. Heneghan states that the countries he visits are growing rapidly and making great strides in a business way.

He expects that the Gulf ports of Mexico will now be added to his calling list as conditions in that country practically are settled and commercial relations being resumed with the rest of the world.

The Heneghan family anticipate a most pleasant reunion today.

NEW VERSION OF "CHEER UP MABEL" COMING.

George E. Wintz, a successful theatrical producer, who in the past few years has presented many pleasing shows, struck the final keynote to success when he sent forth for public approval a new version of his musical comedy "Cheer Up Mabel" which is coming to the Grand on Monday matinee and night.

This tuneful musical play holds the audience with its swinging lilting melodies and cleverly handled story which lends just enough color to its effective stage settings, to please the most blaze theatre-goer. The capable cast includes the chic and charming Nyra Brown as "Mabel Clayton" the leading role. Miss Brown is a charming little girl, who sings, dances and gavots about with an abundance of personality, magnetsim and ability galore. The leading comedy falls to the lot of John G. Getz, a clever comedian of wide reputation ond in the comedy role of the "Monkey Man" is seen at his best. A bewitchng brigade of wonderfully clever girls present the novel drills and dance ensembles in a way that proves a revelation to theatre patrons. The favorite melodies in this new musical spectacular includes "Cheer Up Mabel," "Hold Me," "Old Fashioned Garden," "Land of Nile," "Koolen Off," "Huddle Me Alone," "Island of Dreams," "My Cupie," "Why Baby" and others.

For a nearer view of the charming beauties of the feminine ensemble, a feature of the production will be a "Jeweled Runway, an elevated strip of beautifully illuminated footpath extending from the stage to and over the orchestrt seats intheauditorimu. Over this runway the singing and dancing maidens will from time to time trip their facinating selves over the heads of the audience, but not too far above to hide their smiling lips, flashing eyes and alluring dimples.

The Story is an Adaption of One of Owen Johnson's Most Successful Novels—A Book That Has Sold by Hundreds of Thousands

Young men who have been gratified by thinking their one and only has little tricks of love making that are all her own, should see Miss Norma Talmadge fascinating her hearts choice in "The Woman Gives." Young women may also learn some things about the game of making love by watching the way Robert Milton responds to the various little subterfuges employed by Ingo Sonderson, by Miss Talmadge.

The story starts out with Inga Sonderson, young, beautiful and talented, who has been following the profession of model for artists to earn a living while she is developing her own artistic abilities to a point where they will support her. Success is in sight thru the aid of Daniel Garford, one of the most talented and successful artists in the city, when she falls in love with Robert Milton, another young artist struggling for recognition. Thru Garford the portals to success are also opened to him, then—But come and see it.

As Inga Sonderson, Beautiful Model and Artist, the wonderful Norma has part of immense feminine appeal in daring to give to Benefactor the Courage to gain anew the fame and fortune wantonly sacrificed by his wife, who finds no need for giving to hold the man pledged to her by marriage.

TO CO-OPERATE ON PAVEMENT WORK

Improvement Board Names Committee of East State Street Property Owners.

Five East State street property owners have been appointed to cooperate with the board of local improvement in all affairs related to the proposed pavement on that street. This committee includes F. J. Garland, Dr. W. P. Duncan, Mrs. Charles Price, P. Bonansinga and Frank McKenna.

In a letter to members of the committee the improvement board indicated the wish for co-operative action as follows:

"We are today appointing the following committee to represent the property owners of East State street in the coming advertisement for bidders, the letting of the contract and the laying of the pavement for East State street. Had we time, we would ask the property owners to meet in convention and select their own committee, but every day is needed now toward pushing the pavement thru before winter.

"We trust that the committee will serve by sitting with us at the meetings of the local board of improvement and give us advice for the securing of bidders in the letting of contracts and in pushing the work to completion.

"We wish the support of every property owner on the street. You can be a wonderful help, as the people on North Church street were in a like affair.

"We hope for your hearty cooperation.

Very truly yours,

WILL CELEBRATE FIFTIETH ANNIVERSARY

Mr. and Mrs. T. V. Finney Will Observe the Occasion Quietly Today at Their Home — Will Have Members of Family With Them.

August 25, 1870, Thomas V. Finney, station agent of the Rockford, Rock Island & St. Louis road at Arenzville, led to the marriage altar one of the town's fair and lovely daughters, Laura H. Arenz. The wedding ceremony was performed by Rev. William H. Chamberlain, pastor of the Congregational church at Beardstown. The wedding was a quiet affair with a limited number of persons present. On their wedding trip the young people came to Jacksonville and visited the bride's cousin, Mrs. Charles Dunlap, who lived then in a two story house on the lot which is now the northwest corner of the Andrews lumber yard.

Wedding trips were not very long in those days and soon the young people settled down in their pleasant home in Arenzville and began the duties of life. Two years later Mrs. Finney's brother, Albert Arenz, was elected circuit clerk of Cass county and Mr. Finney went to Beardstown to be a deputy. Four years later he was elected circuit clerk and he continued in various political offices until Dec., 1890, when he shook off the shackles of party politics and removed to Denver, Colo., where he embarked in the abstract business in which he prospered and became an expert. He remained in the capital of Colorado till 1897 when he came to this city and took the place of Charles Hastings in the abstract office of Judge Edward P. Kirby where he remained until failing health compelled him to resign his position since which time he has not been engaged in any regular business.

As the years went along the home was blessed with the presence of two sons and two daughters and the life of that family has ever been beautiful. Each has been devoted to the welfare of the other and peace and love have been ever abiding there.

Naturally as the years have gone by most of the birds have left the parent nest to seek nests of their own, but one daughter, Miss Marie, has remained at home devotedly performing the filial duty which will win for her heaven's choicest gifts. She is beloved and honored by all who know her and prized more than words can express, by her parents.

Other children are Grace, Mrs. Fred E. Rose of Dodge City, Kansas; Horace C., of Chicago, and Francis E., also of Chicago, with business interests in New Auburn, Wis., in addition. There is one grandson, Thomas Walter, son of Mr. and Mrs. Rose.

Mr. and Mrs. Rose and son arrived yesterday and the Chicago sons and their wives were expected last night; also Mrs. Finney's sister, Mrs. Louise T. Rhea, of New Berlin, and daughter of the latter, Mrs. Frank I. Taylor and husband of New Berlin.

Today all expect to be together at the Finney home, 598 Jordan street and enjoy a reunion of rare pleasure which had to be deferred from Aug. 25th owing to sickness. The sons and daughters have been an honor to their parents and the three who have married into the family have good reason to be pleased with their associations.

That Mr. and Mrs. Finney may live to enjoy many more more anniversaries is the earnest wish of their numerous friends.

COUNTY REPUBLICANS ORGANIZE FOR WORK

Two Committee Fused for Co-Operative Work Thru the Campaign.

The Republican Central committee was reorganized Saturday to include members of both the new and old committees. This sort of harmony program has been followed out in a number of counties and the satisfactory results are certain to show later on. Committee officers are.

Chairman—C. F. Wemple, Waverly.

Secretary—Fred L. Gregory, Jacksonville.

Treasurer—M. L. Hildreth, Jacksonville.

Andrew Russel, who is chairman of the 1920 committee arranged for the Saturday conference at a dinner given at the Peacock Inn, members of both the 1918 and 1920 committee being present.

The men assembled at 1 o'clock and before the serving of the dinner at Mr. Russel's suggestion all stood for a minute in silence in honor of the memory of Arthur L. French, for years a member of the committee and chairman in 1918-19. Afterward grace was said by Rev. C. G. Cantrell of Chapin.

Following the dinner Horace H. Bancroft was called upon for a brief address and gave a forceful resume of conditions that now confront the country.

Mr. Russel referred briefly to the complications that had arisen because of the supreme court decision declaring certain provisions of the primary law unconstitutional. It was decided by unanimous consent that the best plan for the good of the party was to reorganize in a way to include members of both the old and new committees.

There was a tacit understanding that where there are two or three committeemen from one district, becaues of the two organizations and the redistricting, that all will serve. The purpose of couse is to present a united front in the work of the campaign.

Everything done was by unanimous action and the party organization is in an entirely harmonious condition.

BEAUTIFUL GARDEN.

The Civic Pride league finds pleasure in calling attention to the yard at the home of Mrs. J. C. Cramer, southeast corner Marion and Fayette streets. Mrs. Creamer has made not only her whole yard by the adjoining boulevard into a veritable bower of flowers. There are ten or twelve varities of asters, daisy trees. Snow-on-the-Mountain Chinese hybiscus and other flowers. Mrs. Creamer does all the work herself and a visit to the garden will prove how successful she is.

People of Jacksonville are invited to take a look at this garden which contrasts strongly with some lots and gardens about the city where weeds instead of flowers predominate.

Mrs. Mabel Ewing Stearns is here from Washington the guest of her aunt, Mrs. Samuel Brockman on Hardin avenue. Mrs. Stearns still lives in Washington City and still teaches music a little though it is for the pleasure of the work as there are many in the city who like her so well they are unwilling to have any other teacher.

She says property has wonderfully advanced within the last few years in the nation's capital. Many places are selling for double what they cost a few years ago and high as biulding is many structures are going up in many parts of the city. There is practically no manufacturing done there, the capital being the attraction and it draws a great many.

COUNTY REPUBLICANS ORGANIZE FOR WORK

Two Committee Fused for Co-Operative Work Thru the Campaign.

The Republican Central committee was reorganized Saturday to include members of both the new and old committees. This sort of harmony program has been followed out in a number of counties and the satisfactory results are certain to show later on. Committee officers are.

Chairman—C. F. Wemple, Waverly.

Secretary—Fred L. Gregory, Jacksonville.

Treasurer—M. L. Hildreth, Jacksonville.

Andrew Russel, who is chairman of the 1920 committee arranged for the Saturday conference at a dinner given at the Peacock Inn, members of both the 1918 and 1920 committee being present.

The men assembled at 1 o'clock and before the serving of the dinner at Mr. Russel's suggestion all stood for a minute in silence in honor of the memory of Arthur L. French, for years a member of the committee and chairman in 1918-19. Afterward grace was said by Rev. C. G. Cantrell of Chapin.

Following the dinner Horace H. Bancroft was called upon for a brief address and gave a forceful resume of conditions that now confront the country.

Mr. Russel referred briefly to the complications that had arisen because of the supreme court decision declaring certain provisions of the primary law unconstitutional. It was decided by unanimous consent that the best plan for the good of the party was to reorganize in a way to include members of both the old and new committees.

There was a tacit understanding that where there are two or three committeemen from one district, becaues of the two organizations and the redistricting, that all will serve. The purpose of couse is to present a united front in the work of the campaign.

Everything done was by unanimous action and the party organization is in an entirely harmonious condition.

BEAUTIFUL GARDEN.

The Civic Pride league finds pleasure in calling attention to the yard at the home of Mrs. J. C. Cramer, southeast corner Marion and Fayette streets. Mrs. Creamer has made not only her whole yard by the adjoining boulevard into a veritable bower of flowers. There are ten or twelve varities of asters, daisy trees. Snow-on-the-Mountain Chinese hybiscus and other flowers. Mrs. Creamer does all the work herself and a visit to the garden will prove how successful she is.

People of Jacksonville are invited to take a look at this garden which contrasts strongly with some lots and gardens about the city where weeds instead of flowers predominate.

Mrs. Mabel Ewing Stearns is here from Washington the guest of her aunt, Mrs. Samuel Brockman on Hardin avenue. Mrs. Stearns still lives in Washington City and still teaches music a little though it is for the pleasure of the work as there are many in the city who like her so well they are unwilling to have any other teacher.

She says property has wonderfully advanced within the last few years in the nation's capital. Many places are selling for double what they cost a few years ago and high as biulding is many structures are going up in many parts of the city. There is practically no manufacturing done there, the capital being the attraction and it draws a great many.

HIGHWAY BULLETIN SHOWS WORK DONE

Hard Roads Built During Year Total 154 Miles—Prospect for Future Work Considered.

The Division of Highways of the State of Illinois has issued the following statement with reference to improvement work during this year and the prospects for the future.

The last bulletin contained a statement of work completed during 1920 to August 1st of 100 miles. The progress since that date to August 26th is approximately 54 miles, bringing the total construction for this year to 154 miles of hard surfaced roads. This mileage is distributed as follows:

Lincoln Highway, 31 miles.
Dixie Highway, 24 miles.
National Old Trails, 38 miles.
Chicago-St. Louis Road, 54 miles.
State Aid Work, 7 miles.
Total, 154 miles.

There are still uncompleted contracts on the above roads approximately as follows:

Lincoln Highway, 32 miles.
Dixie Highway, 42 miles.
National Old Trails, 79 miles.
Chicago-St. Louis Road, 130 miles.
Chicago-Waukegan (Chicago thru Waukegan to the Wisconsin state line), 20 miles.
Total approximately, 303 miles.

The contractors have been working on the Chicago-Waukegan road and have laid a little more than seven miles of concrete base which is now ready for a bituminous top.

A general rain over the state forced contractors generally to shut down work for one or two days during the past two weeks which has had the effect of decreasing the completed mileage.

This is a question that comes not only to all highway officials but to all people generally who are interested in highway work. It arises largely from present rail transportation conditions which prevent the improving of our system of highways as rapidly as anticipated when the legislation was enacted, and when the people approved the state-wide bond issue in November 1918. It was then expected that at least 800 to 1000 miles of the 4800 miles included in the bond issue system would be improved each year. The bond issue was approved November 5th, 1918. The war was ended a few days later, which appeared to remove the leading obstacles to a rapid progress. It was not expected that in the first year, 1919, the state would reach a maximum of improved mileage, but it was expected that by 1920 the work would be in full progress and the average milage would be reached.

The conditions which now confront road building and structural work of all kinds, as well as every class of business, are familiar to everybody. When these conditions will be relieved is uncertain. Both cars and locomotives must be built in order to meet the traffic requirements. This cannot be done in a few months but will undoubtedly require a number of years. This all means that while we cannot proceed with the improvement of this system of roads as rapidly as we had anticipated we must put forth every effort to carry on the work as fast as the situation will permit.

Should Take Over All

It also indicates the desirability of giving relief to the public through the taking over of the entire state bond issue system, including its earth roads, its gravel and macadam roads for state maintenance. Had we been able to improve the system as rapidly as we had hoped this would not have been necessary, but in order that the public may receive the greatest benefit as soon as possible it appears that this policy should now be adopted. This would involve the thorough grading, dragging, and, if possible, the oiling of the earth roads. It would mean the resurfacing of the gravel and macadam roads where necessary.

This work should be carried on thru a patrol system, each patrolman being furnished with equipment in the form of trucks, graders and drags, and put in charge of a patrol district of from twenty to thirty miles, depending upon the character of the work. While much of the work would not be of permanent and lasting value it would bring the roads into better alignment for the hard surfacing which would come as rapidly as the situation would permit.

This work would be accompanied by the erection of markers and directory signs for the convenience of the traveling public. It would require the final location of all roads on the bond issue system. Off the 4800 miles, approximately 3000 miles have already been located and we expect the balance of the locations will be completed within a short period of time.

n addition to the maintenance of the bond issue system, the heavy grading and bridge work would be carried on both on the existing roads and on the relocations. This plan as applied to the Bond Issue System will require approval of the legislature, as no authority has been given or funds appropriated for the maintenance of the entire system. This work, as has been stated, will not interfere in any way with the progress of the final improvement of the system and will be only supplemental thereto.

ABSINTHE AGAIN IN USE IN FRENCH CITIES

Paris. — Absinthe, long-fought in France and prohibited overnight when the war began, is said by the authorities to have returned in the disguise of various imaginative names. One poster that attracts attention shows the tall old absinthe glass with the sugar spoon across the top and the one word "Finally", indicating to the addicts of the green liquor that they may have the old sensation again, in spite of the law. Senators who questioned the government on the subject during a recent session were promised vigorous prosecutions.

PREDICTS RELIEF FROM CAR SHORTAGE

President American Farm Bureau Federation Believes Advantageous Lake Freight Rates Will Relieve Present Situation.

Chicago. — As results of advantageous lake freight rates now in effect on grain, President J. R. Howard of the American Farm Bureau Federation predicted here today a substantial measure of relief from the car shortage in the middle west, greater ability of farmers to get grain to market, improved shipping from a number of lake ports and slightly lower prices on grain in the east and for freight than otherwise would have been the case.

He said he thought there was sufficient shipping available to handle all grain that farmers offered for lake transport.

The differential on lake and rail shipments rom Chicago to New York, President Howard estimated, amounts to about two and one-fourth to two and three-fourths cents per bushel on wheat and corn, and one-half to three-fourths cents per bushel on oats, in favor of lake and rail shipments over all rail shipments.

Rates from Buffalo to New York

The normal thing, he said, would be for the saving to be shared between producer and consumer. "The railroads of Chicago," Mr. Howard said, "have secured for us a statement of exactly what the new rates will be from Buffalo to New York. They are as follows:

Wheat—Domestic, $21.17; export, $20.17.
Rye—Domestic, $21.29; export $18.59.
Oats—Domestic, $20.63; export, $19.63.
Barley—Domestic, $21.08; export, $20.08.
Corn—Domestic, $21.29; export, $19.79.

"The domestic rates to Philadelphia and Baltimore will be the same. The export rates to Philadelphia and Baltimore will be one-half cent under the New York rate. The export rates to Boston will be the same as the New York rate.

"It is hoped that these new rates will result in the immediate resumption of increased lake shipping and thus release thousands of freight cars needed in other places.

"This should benefit not only many farmers who have not been able to get their grain to market and in some cases have not been able to store it for lack of facilities, but it should benefit the country as a whole thru measureably relieving the freight congestion.

"The trouble as regards rail congestion and grain rates has laid in a great measure between Chicago and Buffalo. Employment of the lake for this section of the trip to the Atlantic seaboard should do much to clear up the difficulties.

"These date back largely to the passage of the LaFollette bill a half a dozen years ago requiring the rilroads to dispose of their lake vessels. When the railroads parted with their lake business. they at once took means to get it back.

"They were largely able to accomplish this so far as grain was concerned, by charging a smaller rail rate between Chicago and Buffalo than the water rate. This course drove shipments of grain off the lake and onto the railroad track, for no one would prefer to pay more to ship by water to Buffalo than by rail.

Did Not Enlarge Facilities

"What the railroads lost by cutting the rate from Chicago to Buffalo—for it was service at less than cost — they made up by boosting the rate from Buffalo to New York. Whereas the rate from Chicago to Buffalo was 3.8 cents, from Buffalo to New York, which is 100 miles less, the rate was 10 cents per bushel. While diverting the lake traffic to rail they failed to enlarge the rail facilities between Chicago and Buffalo.

"When the American Farm Bureau Federation pointed out the injustice of this to the railroad men and their need of having the farmers, who supply the bulk of their business, with them instead of against them because of manifestly unfair tactics, the railroad men voluntarily agreed to make the readjustments in rates favoring water transportation which have just gone into effect.

"As a result the interstate commerce commission has authorized the advance in grain rates on lake and rail shipment from New York to Buffalo of 30 per cent instead of 40 per cent on domestic traffic and 25 per cent instead of 40 per cent on export traffic."

Mr. and Mrs. Frank Harris, George Burris and Marie Burris of Chanute, Kansas, were visitors in the city yesterday.

Jacksonville joins in the third annual drive for better motion pictures

WE prophesied that 1920 would be the greatest year in the history of the screen.

It was—and is!

Never before were there such pictures as: Cecil B. DeMille's "Male and Female" and "Why Change Your Wife?", George Loane Tucker's "The Miracle Man", John Barrymore in "Dr. Jekyll and Mr. Hyde", George Fitzmaurice's "On With the Dance!","Everywoman", directed by George Melford, William D. Taylor's "Huckleberry Finn", and William S. Hart in "Sand".

All these are Paramount Pictures, and there were 100 more just as good.

Paramount has 104 even finer pictures in store for you in the new season that opens on September 5th. The theatres that will show these new Paramount Pictures in the twelve months to come are inviting you to join in the celebration.

Paramount Week is the time when there is proof a-plenty that there is an abundance of good pictures. It marks the opening of the fall season—the refreshing indication that the hot weather is over and the best show-time of all the year is here again.

Should Take Over All

It also indicates the desirability of giving relief to the public through the taking over of the entire state bond issue system, including its earth roads, its gravel and macadam roads for state maintenance. Had we been able to improve the system as rapidly as we had hoped this would not have been necessary, but in order that the public may receive the greatest benefit as soon as possible it appears that this policy should now be adopted. This would involve the thorough grading, dragging, and, if possible, the oiling of the earth roads. It would mean the resurfacing of the gravel and macadam roads where necessary.

This work should be carried on thru a patrol system, each patrolman being furnished with equipment in the form of trucks, graders and drags, and put in charge of a patrol district of from twenty to thirty miles, depending upon the character of the work. While much of the work would not be of permanent and lasting value it would bring the roads into better alignment for the hard surfacing which would come as rapidly as the situation would permit.

This work would be accompanied by the erection of markers and directory signs for the convenience of the traveling public. It would require the final location of all roads on the bond issue system. Off the 4800 miles, approximately 3000 miles have already been located and we expect the balance of the locations will be completed within a short period of time.

In addition to the maintenance of the bond issue system, the heavy grading and bridge work would be carried on both on the existing roads and on the relocations. This plan as applied to the Bond Issue System will require approval of the legislature, as no authority has been given or funds appropriated for the maintenance of the entire system. This work, as has been stated, will not interfere in any way with the progress of the final improvement of the system and will be only supplemental thereto.

ABSINTHE AGAIN IN USE IN FRENCH CITIES

Paris. — Absinthe, long-fought in France and prohibited overnight when the war began, is said by the authorities to have returned in the disguise of various imaginative names. One poster that attracts attention shows the tall old absinthe glass with the sugar spoon across the top and the one word "Finally", indicating to the addicts of the green liquor that they may have the old sensation again, in spite of the law. Senators who questioned the government on the subject during a recent session were promised vigorous prosecutions.

PREDICTS RELIEF FROM CAR SHORTAGE

President American Farm Bureau Federation Believes Advantageous Lake Freight Rates Will Relieve Present Situation.

Chicago. — As results of advantageous lake freight rates now in effect on grain, President J. R. Howard of the American Farm Bureau Federation predicted here today a substantial measure of relief from the car shortage in the middle west, greater ability of farmers to get grain to market, improved shipping from a number of lake ports and slightly lower prices on grain in the east and for freight than otherwise would have been the case.

He said he thought there was sufficient shipping available to handle all grain that farmers offered for lake transport.

The differential on lake and rail shipments rom Chicago to New York, President Howard estimated, amounts to about two and one-fourth to two and three-fourths cents per bushel on wheat and corn, and one-half to three-fourths cents per bushel on oats, in favor of lake and rail shipments over all rail shipments.

Rates from Buffalo to New York

The normal thing, he said, would be for the saving to be shared between producer and consumer. "The railroads of Chicago," Mr. Howard said, "have secured for us a statement of exactly what the new rates will be from Buffalo to New York. They are as follows:

Wheat—Domestic, $21.17; export, $20.17.

Rye—Domestic, $21.29; export $18.59.

Oats—Domestic, $20.63; export, $19.63.

Barley—Domestic, $21.08; export, $20.08.

Corn—Domestic, $21.29; export, $19.79.

"The domestic rates to Philadelphia and Baltimore will be the same. The export rates to Philadelphia and Baltimore will be one-half cent under the New York rate. The export rates to Boston will be the same as the New York rate.

"It is hoped that these new rates will result in the immediate resumption of increased lake shipping and thus release thousands of freight cars needed in other places.

"This should benefit not only many farmers who have not been able to get their grain to market and in some cases have not been able to store it for lack of facilities, but it should benefit the country as a whole thru measureably relieving the freight congestion.

"The trouble as regards rail congestion and grain rates has laid in a great measure between Chicago and Buffalo. Employment of the lake for this section of the trip to the Atlantic seaboard should do much to clear up the difficulties.

"These date back largely to the passage of the LaFollette bill a half a dozen years ago requiring the rilroads to dispose of their lake vessels. When the railroads parted with their lake business, they at once took means to get it back.

"They were largely able to accomplish this so far as grain was concerned, by charging a smaller rail rate between Chicago and Buffalo than the water rate. This course drove shipments of grain off the lake and onto the railroad track, for no one would prefer to pay more to ship by water to Buffalo than by rail.

Did Not Enlarge Facilities

"What the railroads lost by cutting the rate from Chicago to Buffalo—for it was service at less than cost — they made up by boosting the rate from Buffalo to New York. Whereas the rate from Chicago to Buffalo was 3.8 cents, from Buffalo to New York, which is 100 miles less, the rate was 10 cents per bushel. While diverting the lake traffic to rail they failed to enlarge the rail facilities between Chicago and Buffalo.

"When the American Farm Bureau Federation pointed out the injustice of this to the railroad men and their need of having the farmers, who supply the bulk of their business, with them instead of against them because of manifestly unfair tactics, the railroad men voluntarily agreed to make the readjustments in rates favoring water transportation which have just gone into effect.

"As a result the interstate commerce commission has authorized the advance in grain rates on lake and rail shipment from New York to Buffalo of 30 per cent instead of 40 per cent on domestic traffic and 25 per cent instead of 40 per cent on export traffic."

Mr. and Mrs. Frank Harris, George Burris and Marie Burris of Chanute, Kansas, were visitors in the city yesterday.

Jacksonville joins in the third annual drive for better motion pictures

WE prophesied that 1920 would be the greatest year in the history of the screen.

It was—and is!

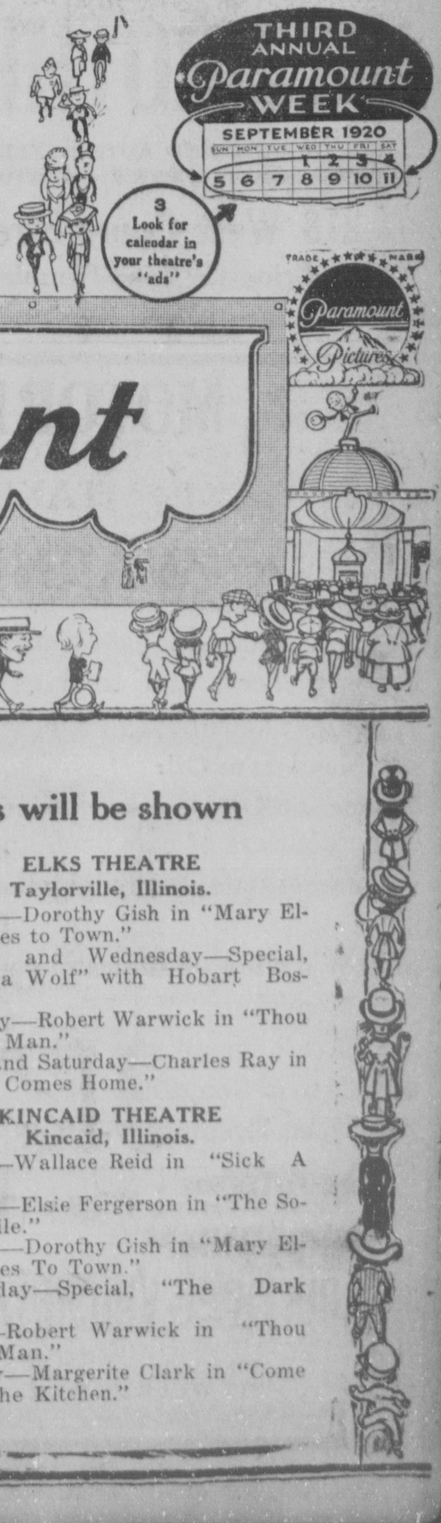

Never before were there such pictures as: Cecil B. DeMille's "Male and Female" and "Why Change Your Wife?", George Loane Tucker's "The Miracle Man", John Barrymore in "Dr. Jekyll and Mr. Hyde", George Fitzmaurice's "On With the Dance!", "Everywoman", directed by George Melford, William D. Taylor's "Huckleberry Finn", and William S. Hart in "Sand".

All these are Paramount Pictures, and there were 100 more just as good.

Paramount has 104 even finer pictures in store for you in the new season that opens on September 5th. The theatres that will show these new Paramount Pictures in the twelve months to come are inviting you to join in the celebration.

Paramount Week is the time when there is proof a-plenty that there is an abundance of good pictures. It marks the opening of the fall season—the refreshing indication that the hot weather is over and the best show-time of all the year is here again.

All the best theatres are showing Paramount Pictures this week. *Celebrate by going!*

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

A RIDE in the five-passenger "Glenbrook" model is an experience not soon forgotten. It affords a demonstration of power and smoothness that is a revelation to the average motorist.

From five to twenty-five miles per hour—in nine seconds flat. That is the standard performance of this keen-spirited car. Such acceleration means a vast reserve of power for the steepest hills and soft, clinging sand.

Take just one ride in rolling country with the "Glenbrook"—and watch the speedometer on the grades.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

A RIDE in the five-passenger "Glenbrook" model is an experience not soon forgotten. It affords a demonstration of power and smoothness that is a revelation to the average motorist.

From five to twenty-five miles per hour—in nine seconds flat. That is the standard performance of this keen-spirited car. Such acceleration means a vast reserve of power for the steepest hills and soft, clinging sand.

Take just one ride in rolling country with the "Glenbrook"—and watch the speedometer on the grades.

Asserts New Discovery Brings Blessed Relief to Hay Fever Sufferers

Can Make it Yourself at Home at Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing Hay Fever into less than a mild cold, claims most emphatically that if taken in time Hay Fever or Rose Fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through Pharmacists to all Hay and Rose Fever sufferers who still have faith that nature has provided an effective remedy for this common, yet miserable disease.

And best of all this remedy costs almost nothing. Get three-quarter ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily snuff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple, natural remedies are the best; as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

Watermelons are being given away in Baltimore but they still charge for them locally.

We get lots of campaign literature telling about Mayor Thompson's administration in Chicago. However, most voters down state are not interested either in Mayor Thompson or Chicago. If Thompson were running for office it would be different. As it is he is getting a lot of publicity that he doesn't deserve.

We presume Mayor Thompson and his adherents will now say the American Legion members are talking thru their hats. However, it is probable that some of them came back from France with some of the Mayor's speeches which were dropped behind the lines by German airplanes.

Robbers broke into the sheriff's office in the court house at St. Joseph, Mo., last week and robbed the chief deputy of $3,000 worth of Liberty bonds. We will not be surprised any time now to hear of robbers breaking into some jail and robbing the jailer.

The reception accorded that Spanish battleship at Washington last week was somewhat different than that accorded the Cevera fleet at Santiago in 1898.

One of our local suffragettes says that all the women want to know is whether a candidate is wet or dry. It is not much trouble to find that out now, for not only the candidates, but most of the voters as well are very dry.

Dispatches tell us the Bolsheviki want an armistice. A few weeks ago these same Bolsheviki were talking of what they expected to do with Poland.

Saturday morning we noted George Creel's name in the news headlines. Time was when George was able to feature himself every day. Thank heaven, that time is now gone.

Well, after all, maybe Small and Oglesby are not as black as they are being painted.

Y. M. C. A. NOTES

What other cities are doing, Jacksonville can do.

"Gentlemen: I believe in buildings. But I want to see a building that is a dynamo, that has live wires stretching out to the whole city, transmitting power to its utmost limits. I believe in a building, but I want to see the building a fortress from which an armed band emerges, and not a place of refuge to which scared men run to keep from getting tempted. I believe in a building, but I want to see it a spring of living water that flows into every home of the city and not a pond that receives water from everywhere to make it stagnant and foul. I want to see the general secretary, the general of an army and not the keeper of an inn. I want to see us get into that realm which means the most intense fighting for which is right." — Fletcher S. Brockman.

"When run by secretaries alone an association is a dead thing," is well written into the Pottsville, Pa., annual report proposing a real members' meeting where they can plan together for the welfare of the young men of the city and freely express desires and plan service.

"The Y belongs to us." People of Athens, Ga., have been made to realize this salient fact, and the building is a gathering place for all societies, including Kiwanis, D. A. R., church clubs, Shriners and civic bodies. The building was also headquarters for all the war work drives.

At Elgin, Ill., the ministers, religious work committees and secretaries at a dinner met to shape up the religious work program for the fall and winter for a big united effort to win men to Christ thru organized personal work backed by eager evangelistic services.

"Discipline problems in my school have largely been solved since the play ground activities in Hyde Park have been conducted by the Chicago Y. On the playground the boys have learned the value of fair play, honesty and team and school spirit." So writes a school principal.

Paid membership passed 3025 makes Fort Wayne, Ind., jubilant these days in its new work and building. A summer campaign will lift this figure.

To land grade school boys for high school work was back of the Kansas City, Mo., campaign in thirteen ward schools. The worthwhileness and attractiveness of high school life was set forth by teams of high school boys who addressed seventh graders, and secured attendance to Open House High School Assemblies.

"Police search for runaway boy" is a familiar headline in Chicago dailies. The Y. M. C. A. hotel finds, takes care of and delivers to anxious parents over 300 runaway boys during a year. And not all of them are from poor homes, either.

Pittsburg, Kan., is raising $55,000, pledges being taken in bankable notes. This backs a big five year program.

Over$80,000 was quietly signed up by 110 Madison, Wis., men for the building bond retirement.

A $25,000 debt and current expense campaign was tackled by W. E. Hearon at Alton, Ill., after rounding up $21,000 at Beverly, Mass., where "it couldn't be done."

Canton, O., is launching a $300,000 effort for three industrial buildings led by H. J. Schmidt, who has lately secured $23,000 for debt and current expenses at Burlington, Ia.

St. Joseph, Mo., tried its first membership roundup since the war and in three days signed 312 men. The swimming pool and summer gymnasium classes were features.

Pottsville, Pa., went out after $11,000 and got $13,131.13 with keen competition between three divisions led by J. H. Brewer, state field secretary.

Glace Bay service men were boosters in the $30,000 campaign. So many who were overseas told what the association did for them there that they helped put it over. There were a few knockers but every knock was a boost. The town is fully 50 per cent Roman Catholic. Twelve baseball teams are in two leagues for boys 12 to 14 and 15 to 20.

A camp of 30 acres on Puget Sound given the Tacoma association by W. W. Seymour and Dr. Rice provided the lodge for the boys' camp. Others gave cabins and boats, in all providing an unsurpassed camp equipment.

STUDENTS SEEK WORK

A number of young men who expect to enter Illinois College this fall wish to work their way thru college. Such students are ready to do all kinds of chores, tending furnaces, mowing lawns, chauffeurs, clerical work, etc., outside of their school hours. Families interested should call President Rammelkamp. Both Phones 454.

Secretary of State

During this Administration

Fees collected by the Secretary of State and paid into the State Treasury have increased 400 per cent.

Fees from automobile licenses have increased approximately 500 per cent, all of this money going into the State Good Roads Fund.

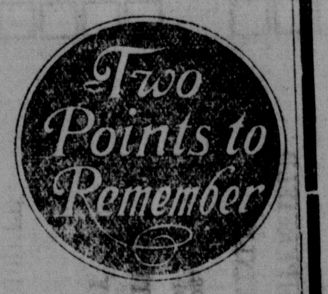

The corporation laws have been recodified, and provision made for a corporation tax which will bring millions into the treasury annually.

Every department of this important branch of the State Government has been administered with as careful attention to detail as though it were a private business.

A $25,000 debt and current expense campaign was tackled by W. E. Hearon at Alton, Ill., after rounding up $21,000 at Beverly, Mass., where "it couldn't be done."

Canton, O., is launching a $200,000 effort for three industrial buildings led by H. J. Schmidt, who has lately secured $23,000 for debt and current expenses at Burlington, Ia.

St. Joseph, Mo., tried its first membership roundup since the war and in three days signed 312 men. The swimming pool and summer gymnasium classes were features.

Pottsville, Pa., went out after $11,000 and got $13,131.13 with keen competition between three divisions led by J. H. Brewer, state field secretary.

Glace Bay service men were boosters in the $30,000 campaign. So many who were overseas told what the association did for them there that they helped put it over. There were a few knockers but every knock was a boost. The town is fully 50 per cent Roman Catholic. Twelve baseball teams are in two leagues for boys 12 to 14 and 15 to 20.

A camp of 30 acres on Puget Sound given the Tacoma association by W. W. Seymour and Dr. Rice provided the lodge for the boys' camp. Others gave cabins and boats, in all providing an unsurpassed camp equipment.

STUDENTS SEEK WORK

A number of young men who expect to enter Illinois College this fall wish to work their way thru college. Such students are ready to do all kinds of chores, tending furnaces, mowing lawns, chauffeurs, clerical work, etc., outside of their school hours. Families interested should call President Rammelkamp. Both Phones 454.

W. H. Algier of Mt. Sterling was a business visitor in the city yesterday.

EFFICIENCY

Has been the keynote of the Administration of

LOUIS L. EMMERSON

as

Secretary of State

During this Administration

Fees collected by the Secretary of State and paid into the State Treasury have increased 400 per cent.

Fees from automobile licenses have increased approximately 500 per cent, all of this money going into the State Good Roads Fund.

The corporation laws have been recodified, and provision made for a corporation tax which will bring millions into the treasury annually.

Every department of this important branch of the State Government has been administered with as careful attention to detail as though it were a private business.

EIGHT MURDERERS TO HANG IN TWO DAYS

All Records for Legal Executions to Be Broken in Cook County Oct. 14 and 15 When Eight Murderers Will Die.

Chicago. — All records for legal executions in Cook county and possibly in the state of Illinois, will be broken here October 14 and 15, county officials believe, when 12 men are sentenced to be hanged for murder.

Eight of the men are under sentence to die October 14 and four on the following day. In addition two other slayers who have been convicted are awaiting sentence and it is possible that they also may hang on one or the other of the two days.

Chicago has had several wholesale executions in the past — the most notable on Nov. 11, 1887, when four of the Haymarket anarchists were hanged—but nothing in the memory of jail officials approaches a death list of 12 in two days.

Hangings in the Cook county jail take place in the corridor of one of the main cell blocks. There is just room for a double gallows, so it is probable, according to George F. Lee, the jailer, that the men will be executed in pairs. The hangings will cost the state approximately $3,000, including a $100 fee for the sheriff for each man hung.

Those to be hanged October 14 are Sam Cardinella, leader of a blackhand gang whose members confessed several murders; Nick Viani, Thomas Errico, Frank Campione, Sam Lopez, Joe Castanzo, Sam Ferrara and Henry Reese, the latter a negro.

The October 15 list includes Arthur Haensel, Richard Wilson, Harry Andre and Frank Zager. Haensel, who killed his wife, was to have been executed last spring but was granted a reprieve five minutes before he was to have marched to the gallows. Andre was convicted of killing a watchman while robbing a factory safe. Wilson was found guilty in the same case, although he was on another floor of the building when Andre, his partner, killed the man. The jury decided that as an accomplice he was equally guilty.

DEMAND ABOLITION OF INJUNCTION

Chicago—Abolition of the "injunction judge" in Illinois and extermination of profiteers, will be demanded at the annual convention of the Illinois State Federation of Labor, called to meet at Galesburg, October 18, according to announcement of President John H. Walker today. Between 700 and 1,000 delegates representing 250,000 organized workers are expected to attend .

"The most important matter confronting the organized workers of this state is the adoption or rejection of a new constitution for Illinois, "the convention call states. Delegates will recommend action that union members should take on the question.

Victor A. Orlander, secretary-treasurer, has lanned to give added momentum to the "Walker for Governor" movement at the convention. A call is to be issued from the Chicago headquarters within the next few days, to every city in the state urging that unions form "Walker for Governor" clubs. Unions will also be asked to form similar clubs among women.

UNIQUE METHOD OF ATTACKING H. C. OF L.

New York. — Old ashioned sandwichman publicity has been chosen by Dr. Robert Grimshaw, efficiency engineer and faculty member of New York university, for an attack on the high cost of groceries in the Washington Heights section of this city.

Dr. Grimshaw served notice that grocers would have to cut their prices, or hear from him. Quotations remaining virtually unchanged the doctor's bill boarded sandwichmen paraded thruout Washington Heights' main thorofares and market sections heralding the wholesale prices for garden truck showing a wide margin below retail costs.

Washington Heights' housewives generally have noted the Grimshaw sandwichmen and their message, and "everybody is talking about it"

INCREASE IN TEACHERS SALARIES IN ILLINOIS

Springfield, Ill.—Teachers' salaries in Illinois have increased 45 per cent sonce 1913, according to statistics compiled by the state superintendent of public instruction. School janitors salaries in the same time have increased 63 per cent. The average salary of a man teacher now is $1,163, and of a woman teacher $801.

Another table prepared by the department shows that the school population of Illinois is one fifth the total population. Figures are thus reported:

Total population	6,500,000
Public school poo.	1,110,000
Private school pop.	230,00
Normal school pop.	10,000

SEEK TO BRING OUT WOMEN VOTERS IN ILLINOIS

Chicago—A whirlwind campaign to make Illinois lead the nation in the percentage of women voters at the presidential election is planned by the new Illinois League of Women voters. The league replaces the Illinois Equal Suffrage Association which had a membership of 200,000.

We are going to have an election organization in every community of the state,' said Grace Wilbur Trout, who for eight years was president of the Illinois Equal Suffrage Association. "An attempt will be made to bring out the largest possible number of women voters.

"The League of Women Voters is a national organization that is purely education," Mrs. Trout said. "The Illinois organization is affiliated with the national. It intends to instruct women in politics and legislation. It is all-partisan including representatives from every party. We hope that the restriction that now prohibits men from membership will be done away with and that the organization will become a league of all voters."

EIGHT MURDERERS TO HANG IN TWO DAYS

All Records for Legal Executions to Be Broken in Cook County Oct. 14 and 15 When Eight Murderers Will Die.

Chicago. — All records for legal executions in Cook county and possibly in the state of Illinois, will be broken here October 14 and 15, county officials believe, when 12 men are sentenced to be hanged for murder.

Eight of the men are under sentence to die October 14 and four on the following day. In addition two other slayers who have been convicted are awaiting sentence and it is possible that they also may hang on one or the other of the two days.

Chicago has had several wholesale executions in the past — the most notable on Nov. 11, 1887, when four of the Haymarket anarchists were hanged—but nothing in the memory of jail officials approaches a death list of 12 in two days.

Hangings in the Cook county jail take place in the corridor of one of the main cell blocks. There is just room for a double gallows, so it is probable, according to George F. Lee, the jailer, that the men will be executed in pairs. The hangings will cost the state approximately $3,000, including a $100 fee for the sheriff for each man hung.

Those to be hanged October 14 are Sam Cardinella, leader of a blackhand gang whose members confessed several murders; Nick Viani, Thomas Errico, Frank Campione, Sam Lopez, Joe Castanzo, Sam Ferrara and Henry Reese, the latter a negro.

The October 15 list includes Arthur Haensel, Richard Wilson, Harry Andre and Frank Zager. Haensel, who killed his wife, was to have been executed last spring but was granted a reprieve five minutes before he was to have marched to the gallows. Andre was convicted of killing a watchman while robbing a factory safe. Wilson was found guilty in the same case, although he was on another floor of the building when Andre, his partner, killed the man. The jury decided that as an accomplice he was equally guilty.

FEW FATALITIES FROM HEAT IN CHICAGO

Chicago—Only three deaths due to sunstroke and heat prostration have occurred in Chicago this summer, according to records in the city health deparment. Last year 11 were overcome or died, while during the excessive heat of 1918 the records show that 23 died.

The fatalities this year fell on June 12 and 13, when the thermometer registered above 90 thruout the afternoons. June of this year was an exceptionally hot month, according to records of the United States Weather Bureau. They show seven days when the temperature was 90 or above, in comparison with 1919 when no 90 days were recorded and in 1918 when there were only two.

Although the temperature reached 98 on July 23, a high mark for the month during three years, there were no deaths. The heat at this time was not extended. Two days of 90 degree weather are recorded at the bureau in comparison with nine during 1919 and four in 1918.

August this year was a comparatively cool month. The only day when the thermometer reached 90 was August 5. During August a year ago, there were five such days, and during 1918 eight. On three days during August 1918 the mercury reached 100 degrees and over.

Temperature records at the bureau show that the summer has been very normal in temprature and also in relative amount of rain fall.

SOCIAL SERVICE LEAGUE NEEDS OLD CLOTHING

Those of you who are preparing your youngsters for school will probably find a number of garments too small, or maybe in some other way unsuitable for them. If so will you remember that we have many families too poor to fix their children up, and that the Social Service League has a fine relief committee headed by Mrs. J. W. Brown, who will cut down, turn and generally remodel garments donated. You can either call Illinois No. 26, or call the chairman, Mrs. J. W. Brown, Ill. 1367 and if desired we will send for packages. We assure donors that careful investigation will be given each family so that the real needy will be those cared for.

RETURNS FROM TRIP IN SOUTHERN ILLINOIS

White Hall Baptist Minister Dedicates Church at Woburn — R. B. Pearce Resigns as Weather Observer.

White Halpl, Sept. 3.—Elder J. O. Raines returned Thursday from a trip through Southern Illinois. At Woburn, an inland town near Greenville, he dedicated a Baptist church last Sunday, and cleared the building indebtedness by raising the sum of two thousand dollars in connection with the dedication. The new church edifice cost $5,200. This is the second building dedicated for the Baptists at Wodburn by Elder Raines, the other dedication taking place fifteen years ago, and is the thirty-sixth Baptist church that has been dedicated by Elder Raines during his career as a Baptist minister and missionary official, and in not one case has he failed to raise the required sum on dedication day to meet the indebtedness. This was a big day at Woburn. The church served dinner free to all who attended the services.

Elders Raines and P. A. Gregory left today for Providence church, west of Carrollton, where the church is observing its one hundredth anniversary with services that will continue thru Sunday.

The White Hall station of the weather bureau will probably be moved to the apple district northwest of White Hall and placed in charge of John Thomas, a rising horticulturalist of the vicinity of Hillview, and who, will make a very valuable man to the service, possessing the qualties of a student and author. He is a young man of sufficient means along with his other exceptional qualifications to develop a very important station for this section of the state. For some time he has had in mind the erection of an observatory. The loss of the station to White Hall is occasioned by the resignation of R. B. Pearce, who has been in charge for eleven years with an unbroken record of daily readings.

FOR more than half a century The Straus Brothers Company has rendered a responsible service to conservative investors. It deals in two forms of securities: Farm Mortgages and Preferred Stocks—both of which it underwrites, distributes and stands back of.

6½% Guaranteed Farm Mortgages
Straus Farm Mortgages are issued only on highly improved, productive, land. There is no safer investment in the world.
They are guaranteed both as to principal and interest.
Insurance companies, savings banks and the most conservative individual investors everywhere buy these securities.

Preferred Stocks Paying 7% or Better
Straus Preferred Stocks are the kind you can safely lay away. They pay dividends *regularly* until redeemed at a profit to the investor.
A SAFE investment yielding 7% *or better.* Dividends payable quarterly.
Free from normal federal income tax up to 8%, also free from personal property tax in Illinois.

SIXTY YEARS of Investment Service
During sixty years, no Straus Brothers security has ever failed to pay principal and interest when due—an unique record over so long a period of time and one which few financial houses have had the opportunity to equal.

Are You Still Washing Clothes As Your Grandmother Did—Rubbing, Rubbing for Hours Over the Washboard With Your Back About Ready to Break?

That was the way grandmother washed—not because she wanted to—but because she had to. No better way had ever been found. The APEX electric washing machine will do your wash in one third the time, save your clothes and save your time. Besides it makes washing a pleasure.
The APEX swinging ringer is driven by the electric motor and the clothes are passed from the washer through the wringer directly into the rinsing tub. The wringer can then be swung into position to handle the clothes directly from the rinse water into the blueing, and to still another position to handle the clothes into the basket. The wringer of course can be operated independently of the tub, while another batch of clothes are being washed in the tub. The finest laces or the heaviest blankets can be washed in the APEX without the slightest chance of damage.

Sectional view of patented tub showing how maximum action and suction is secured without wear or tear. Notice that there is absolutely nothing on the inside of the tub which can damage the clothes in any way.

We will gladly give you the names of Jacksonville people who are using the APEX in their homes—they are the best APEX boosters. The APEX is endorsed by the leading home magazines. If you are interested we will gladly demonstrate the APEX in your own home and you can be the sole judge as to whether the APEX will do all we claim. Remember the five year guarantee.

ILLINOIS MAN HAS GAINED 30 POUNDS

Enjoys Good Health for First Time in Twenty-Five Years — Praises Tanlac.

"Since I started taking Tanlac Ihave not only gained thirty pounds in weight, but for the first time in twenty-five years I am enjoying good health," said J. J. Craig, of 421 North Madison street, Bloomington, Ill., recently

"Yes, sir, I am fifty years of age," he continued, "and twenty-five of these years have been in misery and suffering without a let-up until I began taking Tanlac. I was never able to eat a thing without filling up with gac afterwards and having such intense cramping pains in my stomach I could hardly stand them. Why, at times I would have these spells of cramps while at work, and have to be taken home, where I would lie for hours almost unconscious. I was all run down and weak, and would play out before I had worked half a day, and very often had to quit and go home. But, thanks to Tanlac, this is all a thing of the past, now.

"Tanlac has simply made a new man of me, and it has given me good health, something I never expected to have again. I can sit down, now, and eat anything without its hurting me the least bit. I am never troubled with gas and never have the least sign of a pain in my stomach. I feel strong and vigorous all the time, and am able to work every day and all day long with the greatest ease. No, sir, I wouldn't take all the money in Bloomington for what Tanlac has done for me, and I expect to praise it as long as I live."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug stores in every town. Adv.

The Exquisite Pedal Touch of the Gulbransen Made Possible this Childhood Incident
Now Our Trade Mark

YEARS ago a tiny baby crept up to dad's Gulbransen and gleefully pushed down a pedal, as shown in the picture. Hearing the music invited more pushing—it was so easy—and thus the baby played the Gulbransen.

This childhood incident—since repeated in thousands of homes—was so impressive of the easy action of the Gulbransen that we photographed the Baby at the Pedals and adopted it as our Trade Mark.

Everywhere you see it, it tells you the Gulbransen is Easy to Play. In our dealer's window, it tells where you can try the Gulbransen. Imprinted on the rubber pedal surfaces, it identifies the Gulbransen for you. All the world of music now knows this famous Baby.

Gulbransen "Pedal Touch"
The exquisite "pedal touch" of the Gulbransen is also easy to recognize. It demonstrates itself the moment you begin to play a Gulbransen. You find it is not necessary to push hard—a surprise indeed! You must actually restrain your impulse to "work."
Also you do not pedal *fast* when playing a Gulbransen. In spite of their easy action the pedals will not die away under your feet, nor tremble when you pedal slowly. They are firm, yet easy; yielding, yet offering comfortable resistance. In pianissimo (very soft) passages the Gulbransen is a delight.

Try a Gulbransen at our dealer's store named below. Probably you have noticed the "Baby at the Pedals"—actually playing the Gulbransen—in his window. Ask the dealer—or write us—for our free book "Good Times With Your Gulbransen." Tells about the music available and fun you can have.

FEW FATALITIES FROM HEAT IN CHICAGO

Chicago—Only three deaths due to sunstroke and heat prostration have occurred in Chicago this summer, according to records in the city health deparment. Last year 11 were overcome or died, while during the excessive heat of 1918 the records show that 23 died.

The fatalities this year fell on June 12 and 13, when the thermometer registered above 90 thruout the afternoons. June of this year was an exceptionally hot month, according to records of the United States Weather Bureau. They show seven days when the temperature was 90 or above, in comparison with 1919 when no 90 days were recorded and in 1918 when there were only two.

Although the temperature reached 98 on July 23, a high mark for the month during three years, there were no deaths. The heat at this time was not extended. Two days of 90 degree weather are recorded at the bureau in comparison with nine during 1919 and four in 1918.

August this year was a comparatively cool month. The only day when the thermometer reached 90 was August 5. During August a year ago, there were five such days, and during 1918 eight. On three days during August 1918 the mercury reached 100 degrees and over.

Temperature records at the bureau show that the summer has been very normal in temprature and also in relative amount of rain fall.

SOCIAL SERVICE LEAGUE NEEDS OLD CLOTHING

Those of you who are preparing your youngsters for school will probably find a number of garments too small, or maybe in some other way unsuitable for them. If so will you remember that we have many families too poor to fix their children up, and that the Social Service League has a fine relief committee headed by Mrs. J. W. Brown, who will cut down, turn and generally remodel garments donated. You can either call Illinois No. 26, or call the chairman, Mrs. J. W. Brown, Ill. 1367 and if desired we will send for packages. We assure donors that careful investigation will be given each family so that the real needy will be those cared for.

CHEMICAL SOCIETL TO MEET IN CHICAGO

RETURNS FROM TRIP IN SOUTHERN ILLINOIS

White Hall Baptist Minister Dedicates Church at Woburn — R. B. Pearce Resigns as Weather Observer.

White Halpl, Sept. 3.—Elder J. O. Raines returned Thursday from a trip through Southern Illinois. At Woburn, an inland town near Greenville, he dedicated a Baptist church last Sunday, and cleared the building indebtedness by raising the sum of two thousand dollars in connection with the dedication. The new church edifice cost $5,200. This is the second building dedicated for the Baptists at Wodburn by Elder Raines, the other dedication taking place fifteen years ago, and is the thirty-sixth Baptist church that has been dedicated by Elder Raines during his career as a Baptist minister and missionary official, and in not one case has he failed to raise the required sum on dedication day to meet the indebtedness. This was a big day at Woburn. The church served dinner free to all who attended the services.

Elders Raines and P. A. Gregory left today for Providence church, west of Carrollton, where the church is observing its one hundredth anniversary with services that will continue thru Sunday.

The White Hall station of the weather bureau will probably be moved to the apple district northwest of White Hall and placed in charge of John Thomas, a rising horticulturalist of the vicinity of Hillview, and who, will make a very valuable man to the service, possessing the qualties of a student and author. He is a young man of sufficient means along with his other exceptional qualifications to develop a very important station for this section of the state. For some time he has had in mind the erection of an observatory. The loss of the station to White Hall is occasioned by the resignation of R. B. Pearce, who has been in charge for eleven years with an unbroken record of daily readings.

ALL GRAIN PRICES AFFECTED SATURDAY

CHICAGO, Sept. 4.—All grains were affected today by hedging pressure. Cool weather in parts of the west also was a factor. The trading was light and the markets closing weak and irregular. At the finish wheat was down 1¼c to 2¼c under yesterday's close with December $2.39¼ to $2.39½ and March $2.35½@$2.36.

Corn was 1¼c lower to 1c higher and oats showed a net loss of ⅜c to 2½c. Provisions were strong with prices ranging from 7½c to 60c higher. Rains in Argentine had a depressing effect on wheat.

Country offerings were light and reports indicated that farmers are holding for higher prices.

Corn averaged lower with a lack of outside trade. September came out freely on all advances and dropped to a new low for the week.

September oats broke badly due to stop loss selling and to hedging sales. At one time there was a difference of around 2¾c between September and December, but this was quickly narrowed.

Provisions were active and higher, the feature being the buying of lard to remove hedges against liberal sales for export.

BUTTER, EGGS, POULTRY

Chicago, Sept. 4.—Butter higher; creamery 43@55½c.

Eggs—Higher; receipts, 10,409 cases; standard, 53@53½c; first 51½@52½c; ordinary firts, 44@46c; at mark cases included 46@49c; storage packed firsts, 55c; poultry alive, unchanged.

PEORIA LIVESTOCK

Peoria, Sept. 4.—Hogs — Receipts, 800; strong to 25c higher; no sales quoted.

Cattle—Receipts, 100; strong to higher on high grades and steady on all others. No sales quoted.

NOTICE TO CONTRACTORS

Sealed bids will be received by the County Commissioners of Morgan County at their office in the Court House, Jacksonville, Ill., until the hour of 1 o'clock p. m. Sept. 11, 1920 for the construction of one concrete culvert and the erecting of two steel bridges on concrete abutments on the county line between Morgan and Greene counties.

Each bid must be accompanied by a certified check for 5 per cent of the amount of bid made payable to the county clerk. The Commissioners reserve the right to reject any or all bids. For information address L. V. Baldwin, County Superintendent of Highways, Jacksonville, Ill.

Mrs. John Higdon, Miss Mary Higdon and H. G. Higdon of Kansas City, Mo., were numbered among the Saturday visitors in the city.

ALL GRAIN PRICES AFFECTED SATURDAY

CHICAGO, Sept. 4.—All grains were affected today by hedging pressure. Cool weather in parts of the west also was a factor. The trading was light and the markets closing weak and irregular. At the finish wheat was down 1¼c to 2¼c under yesterday's close with December $2.39¼ to $2.39½ and March $2.35½@$2.36.

Corn was 1¼c lower to 1c higher and oats showed a net loss of ⅛c to 2½c. Provisions were strong with prices ranging from 7½c to 60c higher. Rains in Argentine had a depressing effect on wheat.

Country offerings were light and reports indicated that farmers are holding for higher prices.

Corn averaged lower with a lack of outside trade. September came out freely on all advances and dropped to a new low for the week.

September oats broke badly due to stop loss selling and to hedging sales. At one time there was a difference of around 2⅜c between September and December, but this was quickly narrowed.

Provisions were active and higher, the feature being the buying of lard to remove hedges against liberal sales for export.

BUTTER, EGGS, POULTRY

Chicago, Sept. 4.—Butter higher; creamery 43@55½c.

Eggs—Higher; receipts, 10,409 cases; standard, 53@53½c; first 51½@52½c; ordinary firts, 44@46c; at mark cases included 46@49c; storage packed firsts, 55c; poultry alive, unchanged.

PEORIA LIVESTOCK

Peoria, Sept. 4.—Hogs — Receipts, 800; strong to 25c higher; no sales quoted.

Cattle—Receipts, 100; strong to higher on high grades and steady on all others. No sales quoted.

NOTICE TO CONTRACTORS

Sealed bids will be received by the County Commissioners of Morgan County at their office in the Court House, Jacksonville, Ill., until the hour of 1 o'clock p. m. Sept. 11, 1920 for the construction of one concrete culvert and the erecting of two steel bridges on concrete abutments on the county line between Morgan and Greene counties.

Each bid must be accompanied by a certified check for 5 per cent of the amount of bid made payable to the county clerk. The Commissioners reserve the right to reject any or all bids. For information address L. V. Baldwin, County Superintendent of Highways, Jacksonville, Ill.

Mrs. John Higdon, Miss Mary Higdon and H. G. Higdon of Kansas City, Mo., were numbered among the Saturday visitors in the city.

Who has not felt the pull at the heart-string when the little one's cries of distress and pain rent the home? We do what we can to bring relief. Often there is much guess work—and local treatment is given for temporary comfort.

But to bring permanent relief we should go back of the effect and strike at the cause and invariably it is found in the spine. Thousands of children needlessly suffer from spinal defects which press on the nerves that supply life energy to some part of the body. It is this pressure that is the cause of ailment now and in later years.

Parents who exercise forethought in preparing their children for an abundant, healthy future, will have the young and growing spines examined regularly by a competent Chiropractor. If any spinal defect is found, don't hope for the child to outgrow it, because it invariably becomes worse; but have the defect corrected in time and save much future trouble.

A Word for the Ambitious Boy:

MANY an ambitious farm boy is being tempted to go out into the world to seek his fortune. If you are considering deserting the farm, you are facing a crisis in your life that deserves much earnest thought and study.

Talk the matter over with men who ought to know the right course for you. Don't decide too hastily. Perhaps your father will take you into partnership, give you an interest in a plot of ground or in some livestock that will be the foundation of a fortune. Statistics show that the chances for business success are ten to one in favor of agriculture.

For every ambitious country boy there are a dozen city toilers, sick and tired of the endless grind, struggling desperately to keep abreast of the cost of living, longing for a chance to take their families to God's great out-of-doors. Millions of men of the city are envying you this minute because you are young and on the farm. They know that *the four-leaf clover of your good fortune is growing by your home doorstep.*

Good, modern, labor-saving machines are taking the drudgery out of farming and putting still more profit into it. We are headquarters for the International Full Line, including Titan tractors, International engines, and manure spreaders, Primrose cream separators, McCormick and Deering harvesting, haying, and corn machines, tillage tools, P&O plows, etc. Such machines add to the profit and pleasure of daily life.

PLANS COMPLETED FOR LABOR DAY

Final Arrangements Are Made and Program Announced for Big Celebration—Rev. Myron L. Pontius to Deliver Address.

Final arrangements have been made for the big Labor Day celebration which will be held at Nichols Park tomorrow.

The day will open with a big parade in the down town district. This parade will form at the Labor Temple and will move at 9:30 o'clock. The line of march follows:

College avenue to East street; north on East street to East State street; west on East State street to square; north side of square to West State street; west on West State street; to Fayette street; countermarch to square, around south side to Opera House corner.

Frenk DeFrates is marshal of the day and will be assisted by Frank McKenna and James C. Wood.

The new Jacksonville band will head the parade and Charles DeSilva's drum corps also will have a prominent place in the line of march.

After the parade there will be a number of events on the public square. Among these is a battle royal High Brown colored minstrels Jazz orchestra and Frank Kirk the noted minstrel man, has agreed to give a performance. He also will work at the park in the afternoon. At the park Albert Strausser will give several vocal numbers.

Rev. Myron L. Pontius has been secured to give to give the Labor Day address. Mr. Pontius gave a series of lectures to the labor organizations last winter on the problems of capital and labor. He revealed such a broad understanding of the labor situation that he is greatly admired by members of the various trades unions of the city. No doubt he will be given close attention by the audience Monday afternoon.

The various unions will line up as follows in the parade:

Police department.
Fire department.
City council.
Speakers in automobiles.
Jacksonville band.
Cigar Box Trimmers and Finishers, No. 17,145.
Cigar Makers, No. 114.
Carpenters, No. 904.
Musicians No. 128.

FARM BUREAU NOTES.

Wheat Treated—With 300 pounds of rock phosphate, sowed with a fertilizer attachment on a grain drill, yielded better than some in the same field treated with 250 pounds of steamed bone meal applied the same way. The yield of the whole field was rather low and it could, therefore, hardly be called a fair demonstration. The whole field was sowed in clover and we are anxious to see the comparative yields from the rock phosphate and steamed bone meal on this crop this year. The bone meal wheat looked better early in the spring, but at harvest time the rock phosphate was better. We had practically same results in this county two years ago except that the yields from commercial fertilizer and rock phosphate, applied the same way only somewhat heavier, were about the same. The rock phosphate application cost only one-fourth as much as the other.

Good Hog Exhibit—Two years ago 16 hogs were exhibited at the Clark county fair. This year there were nearly 200 and everyone was from the herds of Clark county breeders. The most indifferent fellow will concede that the farm bureau through its breeding associations must be given credit for this increased interest.

"Simple Simon took some livestock
To the county fair
But his scrubs with all the purebreds
Did not well compare.
How can I improve my stock?
Simon did inquire.
And the Judge told Simple Simon
Use a pure bred sire."

Farm bureau office will be closed on Monday, September 6.

Reports From County Agent—Mr. Kendall sends word back that the wheat in Minnesota was hit by the rust and is not yielding as well; oats and barley are turning out well; potatoes are running about 80 per cent of a normal crop and are selling at $1.26 per bushel sacked. Farmers are inclined to hold rather than sell at this figure. The corn crop between St. Paul and Moorhead has been nipped by the frost.

The National Dairy Show—Is to be held October 7th to 16th inclusive. This year's show will be the biggest and the best Dairy show ever held in any country in the world. The man or woman who attends this exposition will go home a better dairy farmer. Use your influence to help swell the attendance. Look for the County Agent headquarters which will be located in the National Dairy Council room. Come and see the big show.
